

SUSTAINABILITY AT OUR HOTEL

Caring for the planet is a natural extension of Hyatt's purpose — to care for people so they can be their best.

At [Hyatt Regency Vilamoura Algarve](#), we are dedicated to sustainability and are committed to making a difference through our daily processes. To learn more about Hyatt's sustainability efforts, [click here](#).

OVERVIEW

- Hotel is Clean&Safe certified and is waiting for Green Key certification
- All small amenity bottles are refillable containers of 400ml for Shampoo, Conditioner, Body wash and Body lotion from Pharmacopia, an all-natural organic ingredients, vegan, cruelty-free brand with recycled packaging
- We have defined a Green Team to help reinforce initiatives and identify best practices across all departments, as well as to raise colleague's and guest's awareness of our sustainability priorities.

CLIMATE CHANGE & WATER CONSERVATION

- 2 electric vehicle charging stations (4 vehicles)
- Energy efficient LED lighting
- Photovoltaic pl
- Lighting controlled by sensors
- We track and manage environmental performance using Hyatt EcoTrack, Hyatt's global environmental sustainability software.
- ESG tool implementation to track carbon footprints.
- Energy efficient equipment and appliances
- Through our Conserve program, we change linens every third day unless requested otherwise, and guests may choose to reuse towels by leaving them hanging
- Watering during the night to reduce evaporation losses
- All taps are low flow models
- Thermal glass windows
- Dual flush toilets that don't exceed 6L
- Upgraded BMS

WASTE & CIRCULARITY

- Straws - 100% biodegradable straws (upon request)
- Avoid single use items and purchase in bulk quantities to reduce packaging
- Separation of waste for recycling: organic; paper & cardboard; metal & plastic; glass; toners; cooking oils; batteries
- To avoid disposable water bottles, we have installed hydration stations for refillable bottles for Restaurants, Events and Back of House
- Mobile Key is available through the World of Hyatt app to reduce the number of keycards handed out
- Bamboo key cards (instead of plastic)
- We do not print unless strictly necessary and, when printing, double size is used
- We focus on the most effective way to reduce food waste – prevention – by limiting overproduction, matching purchases closely with expected demand and managing portion size.

RESPONSIBLE SOURCING

Hyatt's Food. Thoughtfully Sourced. Carefully Served. philosophy guides us in how we select ingredients that are better for people, communities, and the planet.

- We strive to offer balanced meal options by focusing on fresh fruits and vegetables, including organic options, healthy oils and fats, and whole grains. We work to provide dishes or modification opportunities to guests with dietary restrictions
- Advancing seafood purchased from responsible sources
- Committed to increasing the consumption of products of local suppliers with sustainable practices, as well as biodegradable and eco-friendly certified products
- Fresh produce is purchased locally, with the exception of tropical fruits
- Plant based & plant forward menu items are offered in our restaurants and for events
- We strive to offer balanced meal options and design dishes that celebrate local traditions, fresh and seasonal harvests, and local businesses
