FEEL SAFE AT NH

In all NH Hotels we have implemented “*Feel Safe at NH*”. This means we have introduced over 600 measures that we defined in new operational promises and translated into 10 new protocols. For hygienic purposes there are for example disinfection stations with hand gel at every entrance and high traffic location.

All these measures ensure we can meet again in a safe and responsible manner in today's 1,5 meter society.

We do everything we can to ensure you and our guests to enjoy a pleasant and safe stay. You can expect the hospitality and experience that you are used to from us.

ENOUGH SPACE FOR EVERYONE

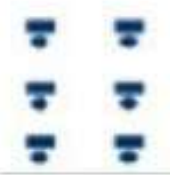

NH Conference Center Leeuwenhorst, located near the coast of Noordwijk. It has 123 meeting rooms, 513 hotel rooms, 600 free parking spaces with several restaurants, bars, various lounges, and a brand new wellness center. We can say with confidence, we have: “Enough space for everyone”. It is for these reasons that we are in the top 3 of the largest conference centers in the BeNeLux.

Our recently renovated Conference Center is spacious and offers many possibilities within the current 1.5 meters rules. Thanks to our large capacity, multiple entrances and all our conference facilities under one roof, the possibilities are endless, like always.

With the 1,5 meters restriction we are capable to safely host (multiple day) events via livestream connected meeting rooms. In a theater setting we can safeguard the 1,5 meter via disconnected chairs and spacious walkways.

Feel free to reach out to us without any obligation to discuss ways of hosting your meeting & event safely. We are able to make bespoke floorplans with you, to give you a great view about all the possibilities.

CHALLENGE US

We take every event very seriously, whether it is a meeting for 10 people on location, or a hybrid meeting, where you can reach the world via our conference rooms. We will take that extra step to ensure that all our guests experience, are in a safe haven at NH Conference Centre Leeuwenhorst, and go home satisfied. Our dedicated meeting & event specialists stay in contact with you during the whole process to ensure your event is organized in a safe and professional way. This way we can safeguard the safety and purpose of the meeting together.

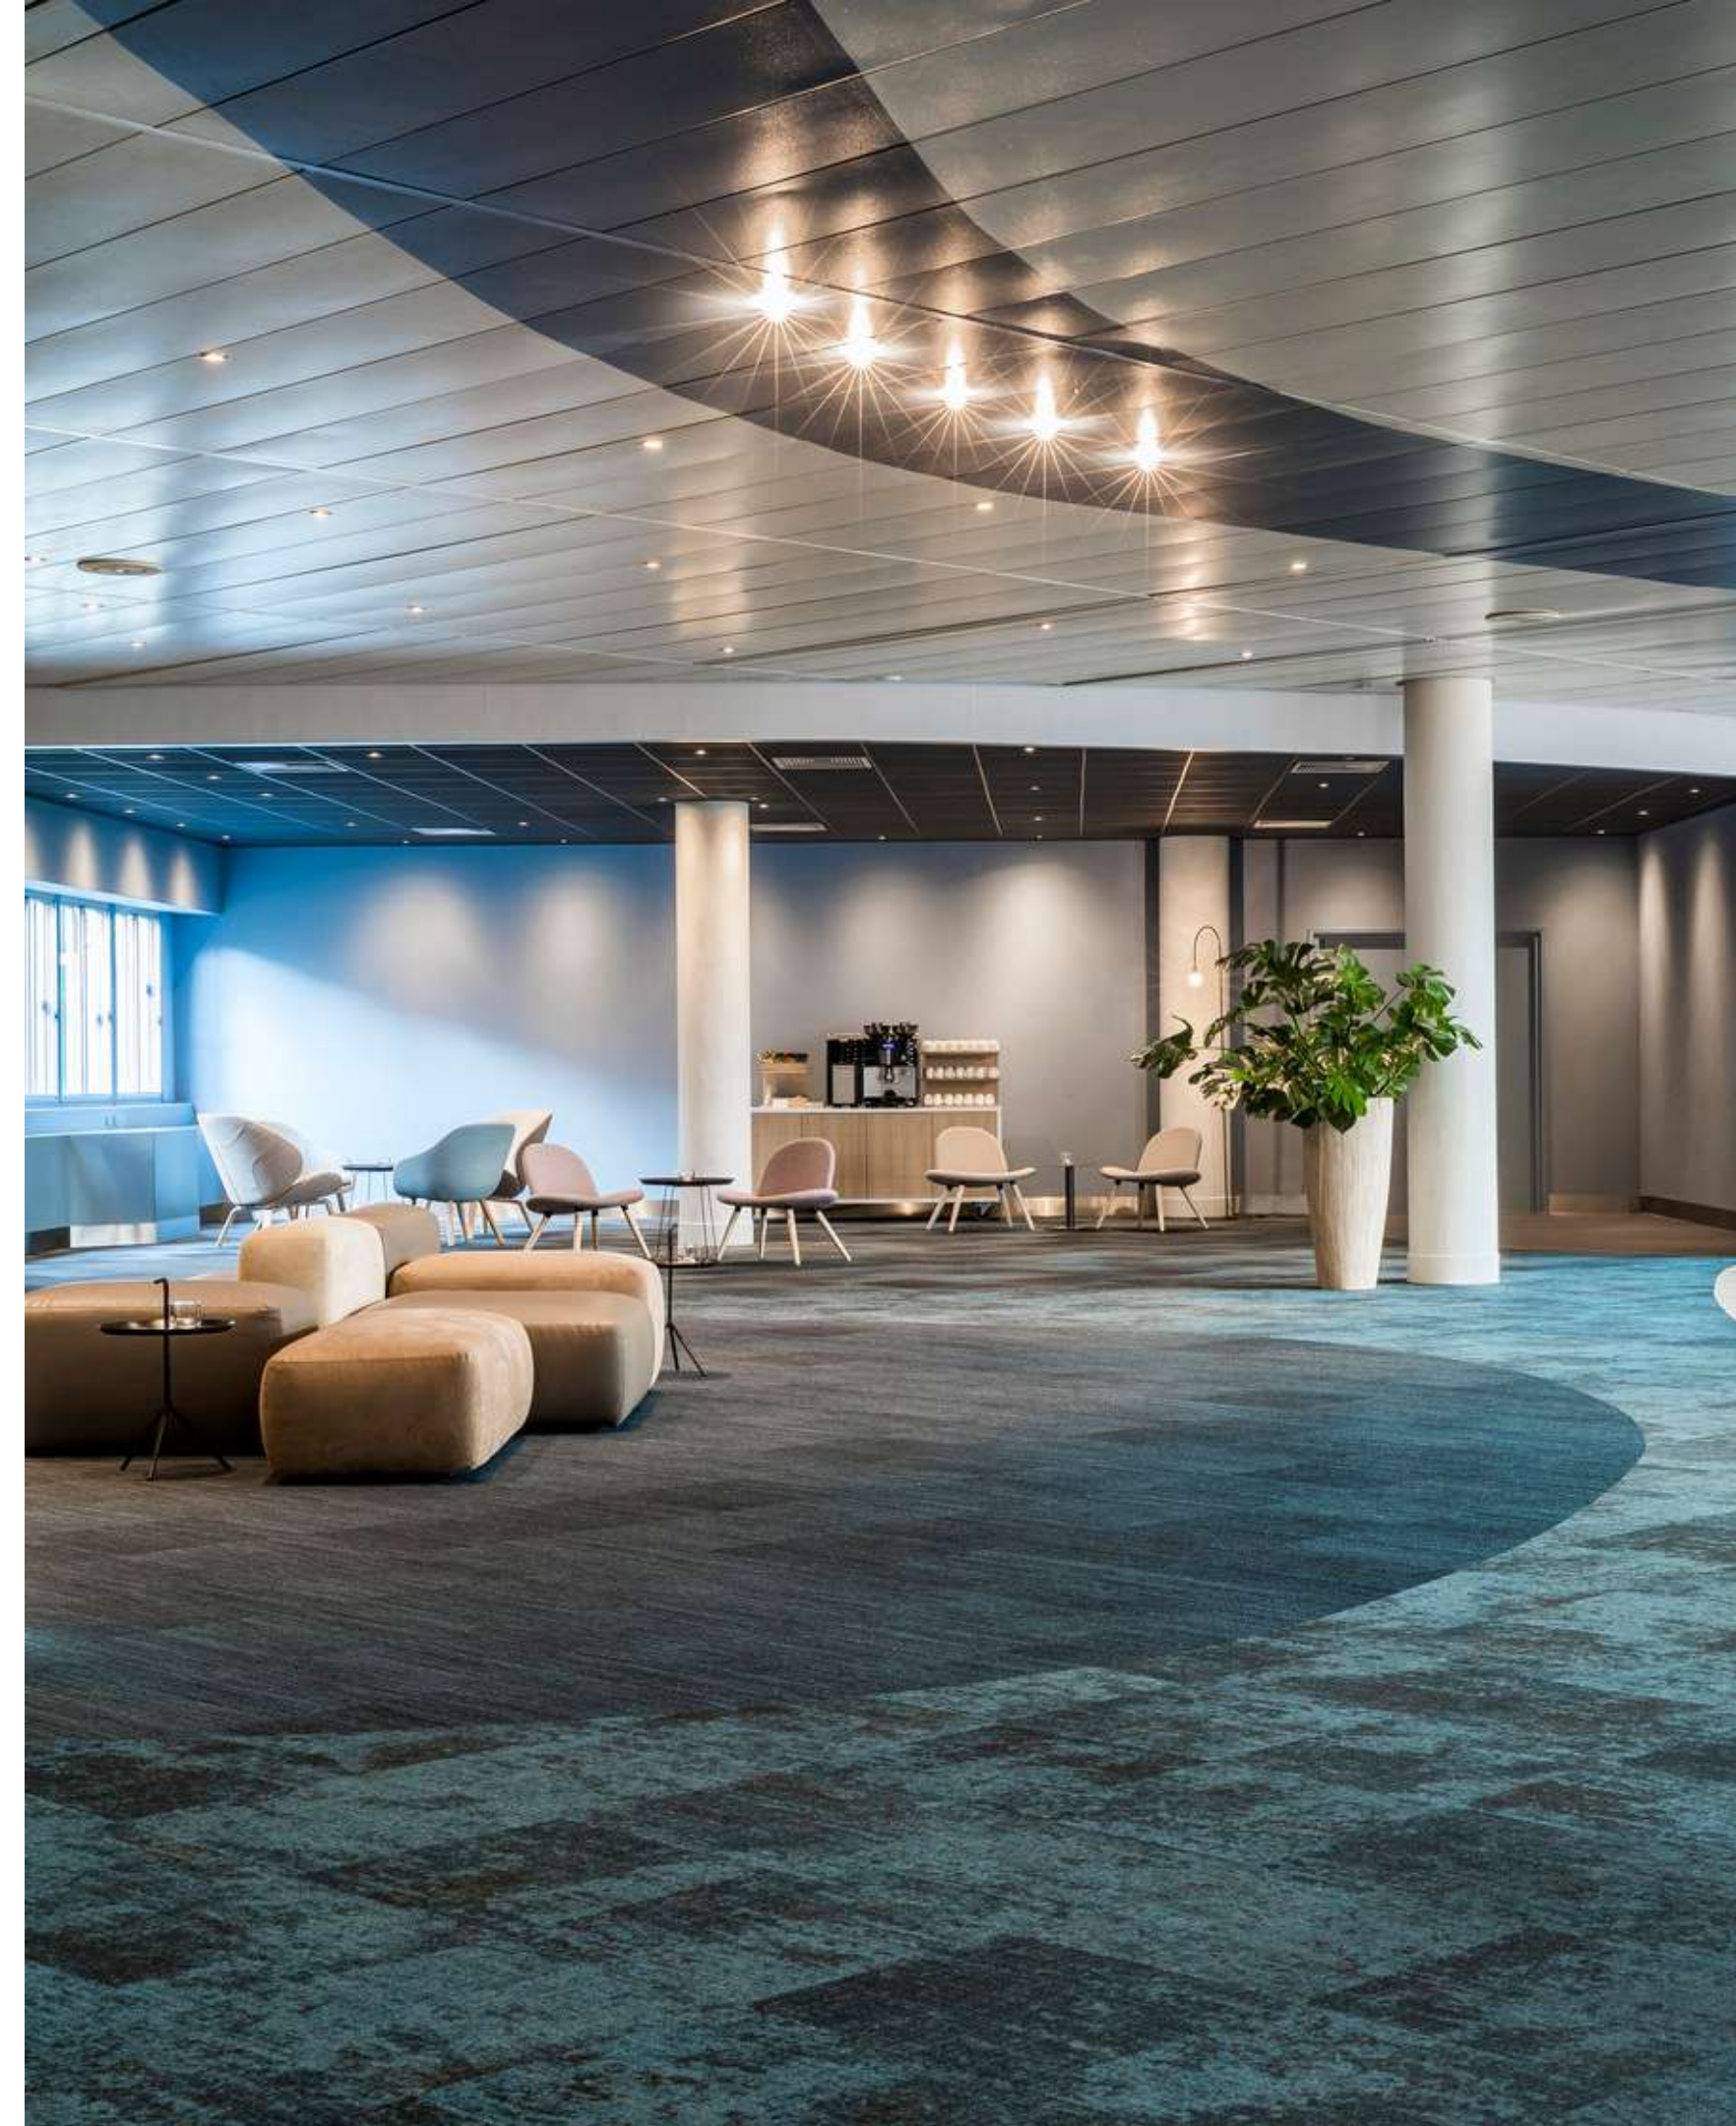

A congress with an exhibition floor, plenary session, sub sessions, dining and adapted party evening to conclude your congress still belongs to one of the many possibilities at NH. Enjoy the fresh outdoor air during your breaks, walk relaxed to your meeting room via our safe walking routes.

LOUNGES

The lounges and common areas are specifically designed to ensure the 1,5 meter distance. The “*Tempting Breaks*” can be served inside the meeting room, or in one of our lounges or even outside.

We plan the occupancy in our conference centre in such a way as to ensure all areas are not too crowded. At all times there is a dedicated health and safety coach present at the hotel to ensure the health and wellbeing of everyone.

CATERING

All employees are trained with the “*Feel Safe at NH*” protocols. In the common areas like the restaurants and bars there are hand sanitation products available.

The restaurants are opened for breakfast and lunch with a redesigned buffet with individually packed items. To guarantee a good distribution of our guests we introduced timeslots so that everyone can eat their breakfast in comfort.

For dinner you can eat in our restaurants, lounges, meeting rooms, or you can even eat Alfresco on our Las Dunas terrace or patio. A formal dinner, BBQ or foodtruck style you name it and our chefs create it.

SLEEP

Our hotel rooms are cleaned by the SGS (Société Générale de Surveillance) protocols of which we have received a certificate.

At check-in our reception employees will update all guests about our new procedures to ensure your safety and wellbeing.

BE IN CHARGE
