# TIPS - WHY SEYCHELLES?

---

## **Serene beaches**

Take advantage of the Seychelles' prime beaches at Kempinski Seychelles Resort. Also on Mahé, Anse Royale offers secluded coves and prime snorkelling spots. Anse Lazio, on Praslin Island, is known for its crescent shape and soft white sands, and La Digue's Anse Source d'Argent, with its massive boulders, is considered to be the most photographed beach in the world.

## **Natural offerings**

Known for their rich marine life and nature reserves, the Seychelles are home to more than 2,000 species of plants, more than 1,000 species of fish and the largest population of Aldabra giant tortoises in the world. On Praslin Island, you'll find the UNESCO World Heritage site of Vallée de Mai Nature Reserve and the coco de mer palm tree, known for its distinctive fruit. The 2-hectare (5-acre) Mount Fleuri National Botanical Gardens, established in 1901, are also worth visiting, with highlights including the coco de mer, giant tortoises and an orchid house. Hikers can explore the Seychelles' highest peak in Morne Seychellois National Park.

## **Going underwater**

With six marine national parks among its picturesque islands, the Seychelles are a year-round paradise for scuba divers and snorkellers alike. Swim among whale sharks and hawksbill turtles, or snorkel through a kaleidoscope of colourful corals and tropical fish. At the popular Shark Bank diving spot, dive among stingrays and puffer fish. Snorkeling gear is available at the Hotel.

## **Take to the waves**

The Seychelles are just as beautiful above water as beneath the surface. Make the most of the views with your choice of water sports, such as parasailing, waterskiing, kayaking and exploring Beau Vallon bay by jet ski. Visit our water sport Pavilion to book your preferred activities.
