# Professional events with views of the Mediterranean

In the heart of the Aiguadolç Marina, very near Barcelona, this resort hotel overlooking the Mediterranean has extensive experience in organising events. This hotel in Sitges provides comfortable rooms and a stunning pool for relaxation, as well as a large, fully equipped Convention Centre. Sitges is home to the perfect combination of business and pleasure.

Meliá Sitges is a leading convention hotel in Barcelona thanks to its proximity to La Marina and Balmins beaches and 300 days of sunshine every year. The beautiful sea views, fantastic outdoor spaces and excellent event facilities allow it to complement professional events with memorable holiday experiences.

An aerial photograph of a resort complex at sunset. In the foreground, a large, irregularly shaped swimming pool with a smaller circular section is surrounded by a concrete deck and some closed patio umbrellas. The pool is bordered by lush greenery and several tall palm trees. Behind the pool, a series of white, multi-story buildings with red-tiled roofs are arranged in a row. To the left, a curved road with a few cars is visible. In the background, the sea stretches to the horizon where the sun is setting, creating a warm orange glow. The sky is filled with soft, wispy clouds. In the distance, a cityscape and hills are visible under the twilight sky.
