DID YOU KNOW THAT BY OPTING FOR AN ECOTOUCH MEETING AT MELIÀ SITGES...

You would be saving the average level of CO2 required to drive a diesel vehicle 1,039 km?

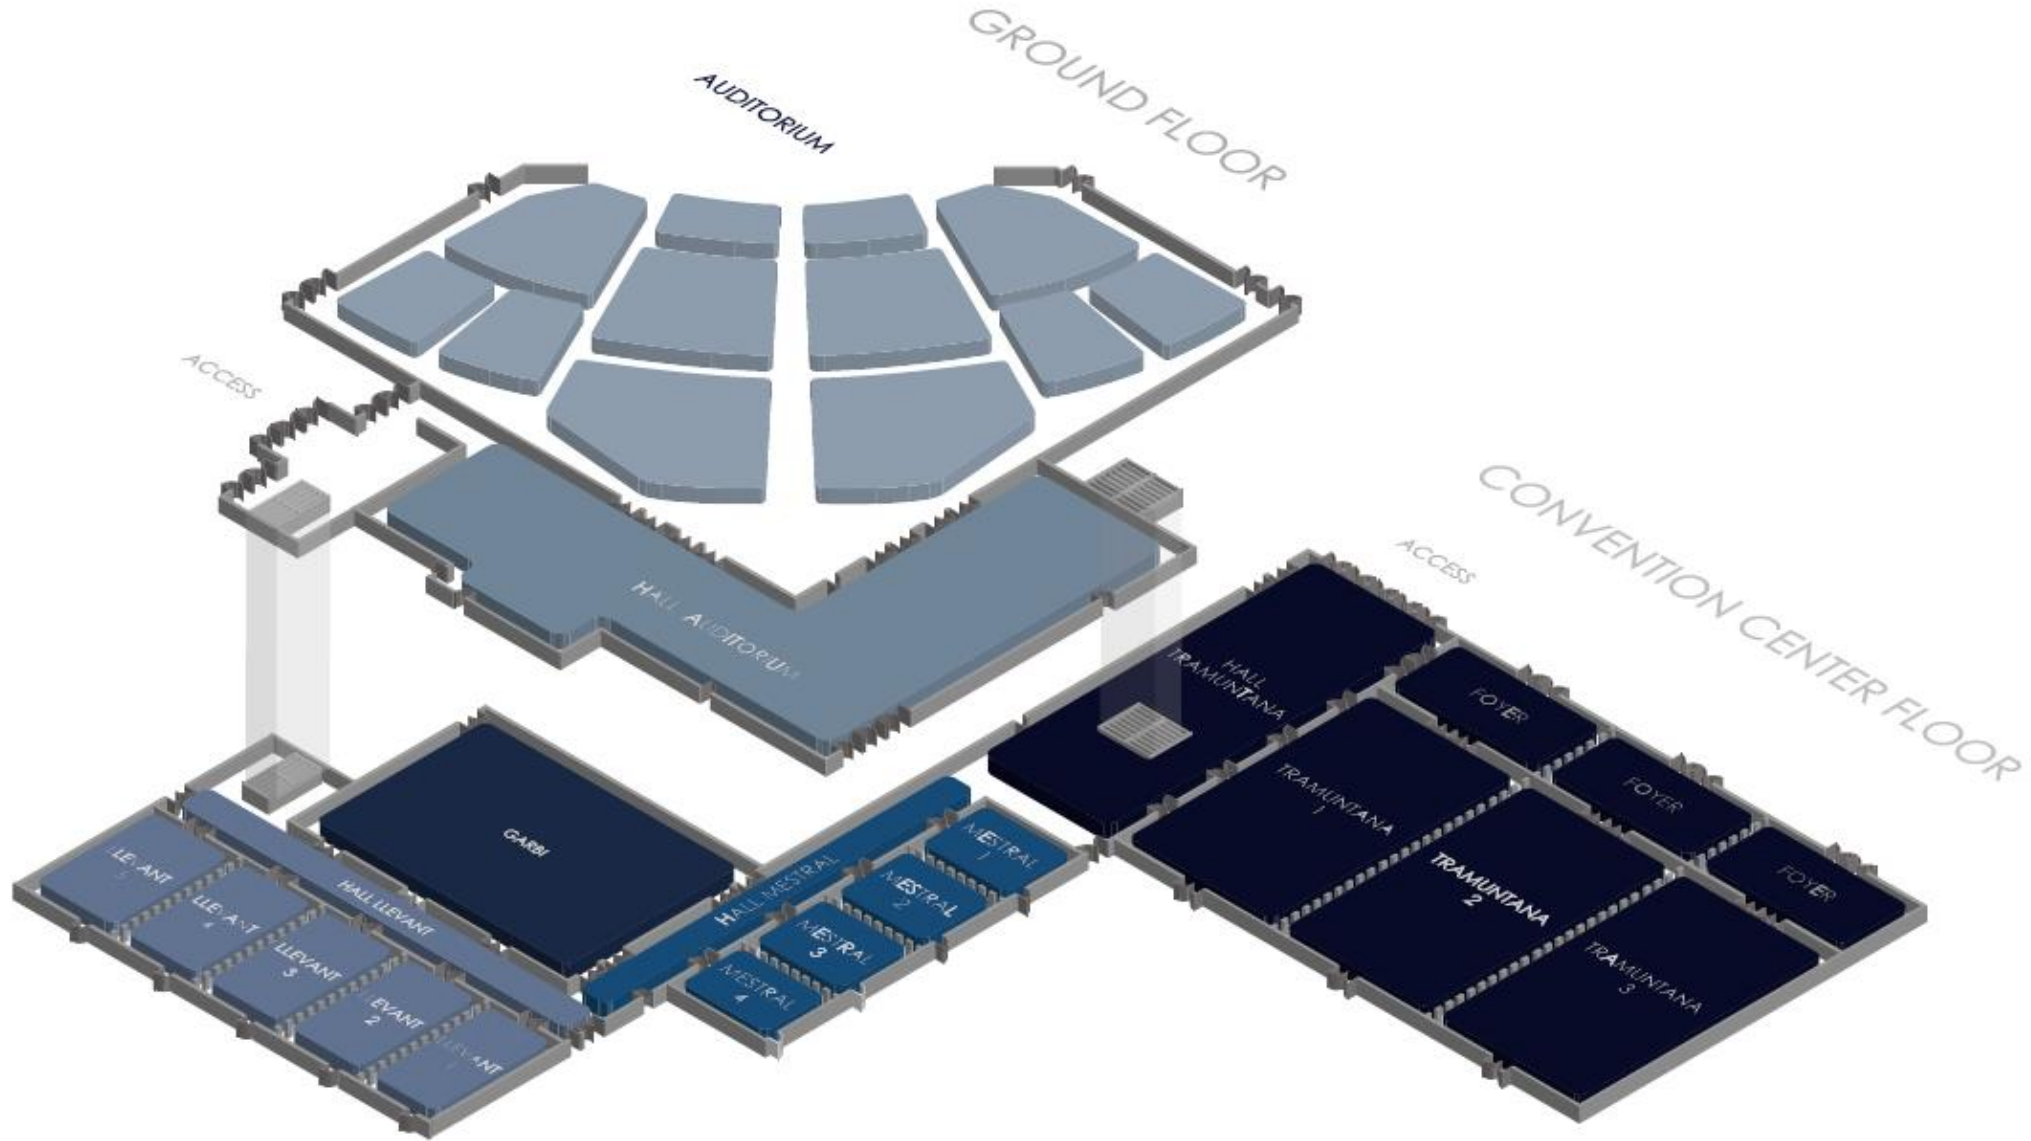

You would be saving the average consumption of electricity required to keep a light bulb on for 518 days?

You would be saving the amount of water running out of a tap that has been left on for 1 hour and 40 minutes?

You would be recycling the amount of waste (paper and plastic) generated by an average family over 80 days?

Information based on a meeting with 50 participants · an event lasting 2 days, 8 hours per day ·
