Your Type of Hotel

Hermitage Hotel Prague is a four-star hotel with unique atmosphere, impeccable service and maximum comfort. Hermitage Hotel Prague has come into existence through an original alternation of an Art Nouveau printing house built in 1907 in a charming place below Vyšehrad Castle, at the right bank of the Vltava River.

HISTORY SINCE 1907

We intended to preserve the spirit of the impressive Art Nouveau building while creating a comfortable place with top-level modern service. That is why we have carefully renovated the exteriors and sensitively adapted the interiors of the building so as not to disturb the airy and elegant architecture.
