MEMORABLE

RADISSON
MEETINGS

WELCOME

The Radisson Blu Hotel Amsterdam Airport blends contemporary style with unbeatable convenience. Take advantage of our stylish conference centre boasting 19 recently refurbished event facilities. We are THE venue for your Car launches, Healthcare congresses, trainings, small and large meetings. And we can provide absolutely everything you need to create a stunning setting for your events.

State-of-the-Art Meeting Rooms

In 2021, we unveiled our newly revamped meeting rooms, featuring state-of-the-art equipment. Presentations run smoothly thanks to easy sharing between your laptop and our high-quality screens.

Designed in a soothing blue, our event spaces create a productive and creative atmosphere. What's more, all meeting rooms benefit from incredible daylight and overlook the green surroundings of Richport Park.

Stunning Top-Floor Views

Elevate your meetings to new heights – literally! Our top floor offers five meeting rooms with breathtaking views of the surrounding area, including Schiphol Airport. Impress your guests with a panoramic backdrop while benefiting from very attractive rates!

Culinary Delights

Our daily offerings are Chef's Choice, ensuring each day brings a unique adventure. Our hotel also boasts two stylish restaurants. Enjoy a tasty buffet suits all tastes for lunch. Relax in a warm and friendly atmosphere for dinner, with a wide selection of drinks and a variety of convenient and healthy dishes to sample. For larger groups, a tempting buffet is prepared.

Unbeatable Accessibility

Located just 3 minutes from the A4 highway and 8 minutes from Schiphol airport, our hotel offers unrivalled accessibility. We also run a shuttle service to and from the airport, so your guests can get around without any hassle. Finally, thanks to our 160 parking spots, parking is a breeze.

Haven Restaurant is open for breakfast and for advance-booked group lunches and dinners.

Use our large terrace for a company BBQ or an outdoor event.

CARBON NEUTRAL MEETINGS

Automatic and global carbon offsetting

Radisson Hotel Group automatically offsets the carbon footprint of every single meeting and event taking place at any of our hotels worldwide, at no cost to you. In partnership with First Climate, one of the world's largest carbon offset organizations, and through projects that help reduce emissions and have a positive social impact, Radisson Meetings strives for environmental best practice.

Our promise

A hotel's carbon footprint is calculated based on the leading hospitality industry tool, the Hotel Carbon Measurement Initiative (HCMI). Developed to measure and analyze the carbon footprint of hotel stays and meetings in a consistent and transparent way, the HCMI framework enables us to calculate the carbon emissions allocated to a meeting space to offset them accordingly.

First Climate

We are proud to work with First Climate, one of the largest carbon offsetting organizations worldwide, to assist with corporations' goals to minimize their carbon footprint.

UN Sustainable Development Goals

All our carbon offsetting projects are VCS or Gold Standard and are aligned with the UN Sustainable Development Goals. Retirement proof available.

The impact of carbon offsetting

This is a world premiere at this scale: any meeting or event held at any of the Radisson Hotel Group's hotels worldwide is now 100% carbon neutral. For each meeting, the carbon footprint is calculated and then offset through projects that combat climate change and contribute to sustainable development. Since the launch, Radisson Meetings have offset 38,300 tons of CO₂: the equivalent of taking 6,500 cars off the road.

Radisson Hotel Group is committed to reducing our carbon and water footprint by 30% by 2025, aligning with science-based emissions reduction targets, removing single use plastics, and continuing to drive best practices in water stewardship and responsible consumption behaviours. In 2020, 447 hotels, including 79% of all hotels across Europe, the Middle East, and Africa were awarded with an ecolabel.
