Premier events venue to open at Kempinski Hotel Amman

Amman, Jordan, January 2022 – Kempinski Hotel Amman Convention Center

Located in the heart of Amman, the newly reimagined Kempinski Hotel Amman Convention Center is a bright, state-of-the-art facility that is as innovative as it is beautiful. It is a destination unto itself — a lively hub of meetings & events spaces reflecting the needs of every business.

The monumental property boasts a total space of 14,000 sqm including an innovative spacious lobby, a large 1000 sqm Grand Ballroom, a 750 sqm multi-purpose hall accommodating up to 1800 guests, all nestled within an iconic terracotta façade. In addition, a spectacular towering silo holds three day-lit floors with 200 sqm circular panoramic VIP meeting rooms and a 750 sqm outdoor terrace for gala dinners and events.

The concept design for the building was conceived by AART International Architects Associates based in Paris. Interior design has been created by the internationally acclaimed, award-winning HBA Hirsch-Bedner and Associates. State-of-the-art audio-visual and acoustics have been installed by Shen, Milsom & Wilke, headquartered in the US, giving the venues a whole new level of technology for the first time in Amman.

With multiple event spaces and five meeting rooms that can fit anywhere from 50 to 1800 people, the Convention Center boasts the latest technologies, advanced audio-visual equipment, cutting-edge acoustics, and other dedicated services to ensure successful and memorable events. With dynamic and scalable spaces to provide safe distancing and comprehensive new procedures for disinfection, you can rest assured that your guests will stay safe, and your event will be a success.

The new venue supplementing the existing 12 function rooms and 450 sqm Al Reem Ballroom, will define Kempinski Amman as the premier meetings & events venue in Jordan. The tastefully decorated rooms and dining venues of the main hotel have been artfully connected to the new meeting and events center through a brand-new Reception and lobby area, now situated on the Mezzanine level between the two buildings, to create an unparalleled destination for any guests' needs.

Kempinski Hotel Amman Convention Center is setting new standards, attracting business drivers and key decision-makers from around the globe, becoming the premier destination for meetings, exhibits, and conferences in the heart of the capital of Jordan. Visit our marvelous property and rely
