CORPORATE SOCIAL RESPONSIBILITY.

Our CSR Roadmap

We understand that when making decisions, we have to consider the effects of our actions on the environment and climate, on people and our community. We are also looking at our value-added chain here – from raw materials and products we use, to the travel behavior of our guests and how they use our services. To make our comprehensive responsibility obvious both internally and externally, we have reinforced our corporate social responsibility strategy with the CSR roadmap.

Our CSR roadmap contains binding short-, medium- and long-term goals in all the important sustainability areas of Deutsche Hospitality. Whether manager or apprentice – in our culture everyone contributes to success in their own way.

This makes our employees the most important drivers of our company sustainability activities.

PROGRAM IDEAS.

FLORA & BOTANICAL GARDEN

The 11.5 hectare park in the north of Cologne is directly on the opposite of Cologne Zoo and commonly known as “The Flora”. Nature lovers can learn about the variety of garden and medicinal plants during a stroll or simply marvel at the park’s diversity. Also „The Flora“ offers a possibility to organize events.

OCEAN DIVA

OCEANDIVA’s modern event ships offer versatile possibilities for road shows, product presentations, corporate events and dinner shows.

Organize your exclusive events for 100 to 1500 passengers in Germany, Belgium or the Netherlands.

KD SHIPS

Whether you look for a panorama tour or a private function on one of the many KD ships, a trip on the Rhine is always memorable, either in the direction of Bonn or Düsseldorf.

A very special experience: marvel at the annual “Kölner Lichter” fireworks on board a KD fleet ship.
