For over 140 years the Sina Bernini Bristol has been a benchmark for luxury hospitality in the Eternal City: located in the heart of Baroque Rome, of Italian fashion and of the Dolce Vita, it is the only 5-star luxury hotel on Piazza Barberini, a handsome square just a few steps from the Spanish Steps and the Trevi Fountain.

First inaugurated in 1874, Hotel Bristol has since been a landmark hotel in the centre of Rome, known to host the most important socialites of decades past. Today Sina Bernini Bristol ushers in a new era joining Autograph Collection Hotels following a major refurbishment, including an expansion into a new period building adjacent to the hotel.

The new design has been commissioned by architect Guido Ciompi, a visionary behind the unique style of Sina The Gray in Milan and Sina Centurion Palace in Venice. Matilde and Bernabò Bocca, heirs of the Sina Hotels founder Count Ernesto Bocca, have overseen the restoration of Sina Bernini Bristol as an icon has been reborn in Rome.

Sina Bernini Bristol is centrally located in the Eternal City, surrounded by famed landmarks including the Trevi Fountain, Spanish Steps and the Triton Fountain which can be seen from the front of the hotel. The hotel is named after the great artist Gian Lorenzo Bernini, sculptor of the Triton Fountain. Sina Bernini Bristol pays homage to the Maestro Bernini, with its design inspired by "The Renaissance of Baroque", a contemporary tribute inspired by the lush and opulent greatness of Baroque colours and fabrics.

Every single detail has been tailormade in Italy exclusively for the hotel: from the furniture to the lamps. The ceilings are extravagantly decorated and the walls nod to Baroque Rome with photographs and prints dating back through the years.

The 166 guestrooms are designed with refined details of elegance and sophistication, creating an intimate setting in the heart of the Eternal City. Rich colours and bronze touches adorn each room, creating an environment of intrigue and refinement. For a stay to remember, the hotel offers a selection of rooms and suites with unobstructed views of the Piazza overlooking its art, fountains, and history.

Taking pride of place in the hotel is an extraordinary 50sqm fresco painted in the 1940's which has been lovingly restored. The painting by Adalberto Migliorati, illustrates Gian Lorenzo Bernini among his masterpieces spanning through the decades. A real tribute and homage to the man and the artist. It is such a unique piece that we knew immediately that the fresco had to be brought to life. Guests will have the chance to download a free audio guide and immerse themselves in front of the fresco to learn more about Bernini, for an unforgettable signature experience that will leave a lasting memory on all who stay.

For a memorable gastronomic journey Il Vizio, the hotel's new restaurant serves two cuisines – a menu of sushi and raw seafood as well as Italian specialties - combining unique flavours with the best possible ingredients.
