

KULTURHAUS LA8

The perfect location for events
and innovative gastronomy

KULTURHAUS LA8

The arts centre complex at Lichtentaler Allee 8 in Baden-Baden. The project, which accommodates among others the Museum of 19th Century Art and Technology, is sponsored by the GRENKE foundation. The responsibility for the entire catering operation lies in the hands of Brenners Park-Hotel & Spa.

The rooms cover an area of over 600 square metres; the central feature of which is the radically devised restaurant: RIVE GAUCHE. In addition to this, the grand hotel assumes exclusive control of event management in the two function rooms and the club TWENTYONE.

RIVE GAUCHE – The Restaurant

Open from noon, the restaurant on the left bank of the Oos with its unconventional ambience offers from Tuesday to Sunday young, modern cuisine prepared in an open kitchen. There is room for 60 diners inside and 80 outside on the spacious terrace located at the heart of the town's Museum Mile. The restaurant can naturally be booked for private functions outside the normal opening hours.

The design of the RIVE GAUCHE takes account of the facets of the venerable old building creating a fusion of tradition and innovation.

HISTORIC FUNCTION ROOMS

Exceptional events call for individual solutions planned down to the finest detail by professionals. The spacious rooms may be booked for exclusive social events.

SPIEGELSAAL

The naturally lit 163m² room captivates with its brightness and the direct access to the terrace overlooking the picturesque Lichtentaler Allee. The room is particularly suited for banquets catering for up to 120 guests.

KRISTALLSAAL

A particularly impressive feature of the Kristallsaal is its richly decorated ornamental ceiling, 6.50 metres above floor level. Being 199m² in size, this room, located on the upper floor, is the larger of the two function rooms. The large windows overlooking the Lichtentaler Allee provide an abundance of natural light. Banquets catering for up to 160 guests are possible.

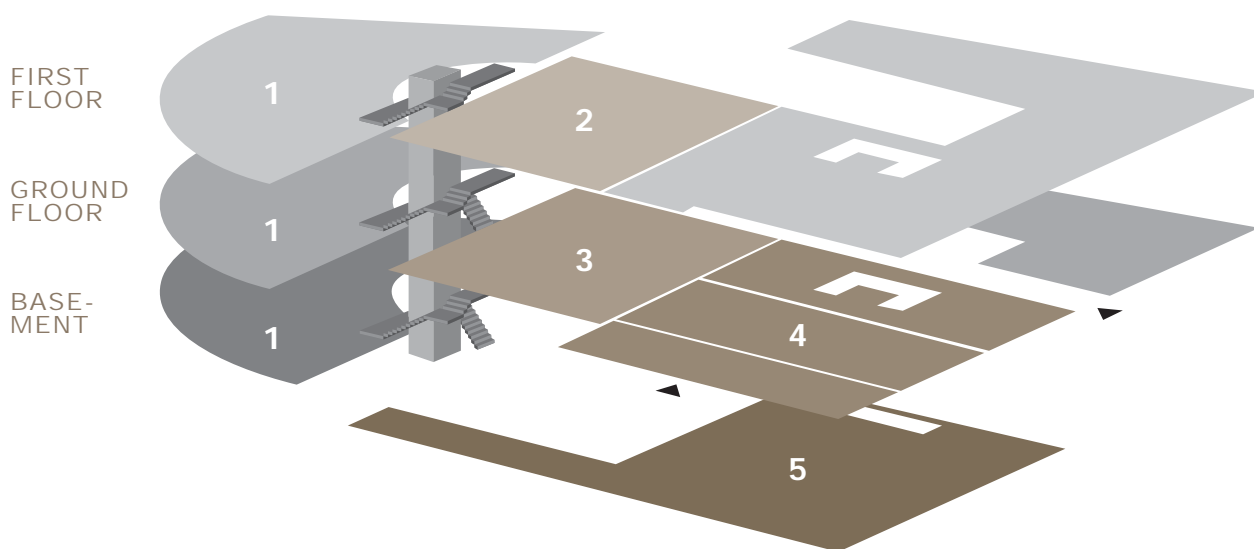

TWENTYONE – The Club

Located in the basement of the historic palace this club takes its inspiration from the style of Parisian bars. The dance floor with DJ opposite the bar, the latest in music and lighting technology, and the intimate club atmosphere provide the guarantee for exclusive nights in an exceptional setting.
