BIG BLUE SEA & LITTLE EXTRAS

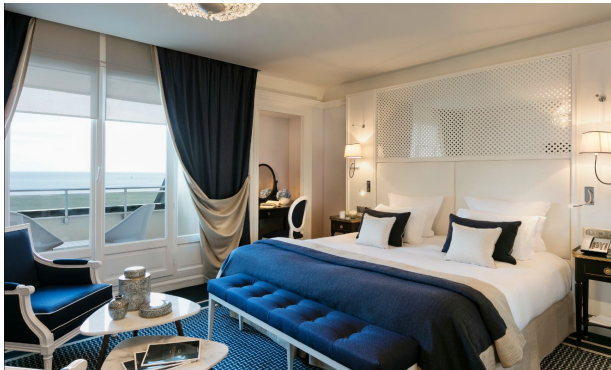

Decked out with minimalist, understated furniture. Embellished with gilding, marble and chandeliers. Hôtel Barrière L'Hermitage has been renovated by Chantal Peyrat. It blends modernity with authenticity and offers a homely, relaxed atmosphere by the sea. Dive into its water

swimming pools, unwind at the spa, perhaps take in some of the local architecture on a bike ride. And how about a round of golf or tennis? After a fun evening at the Casino, there's nothing like a nightcap in the piano bar to the tinkling of the ivories.
