At The Heart Of The City

Nisantasi

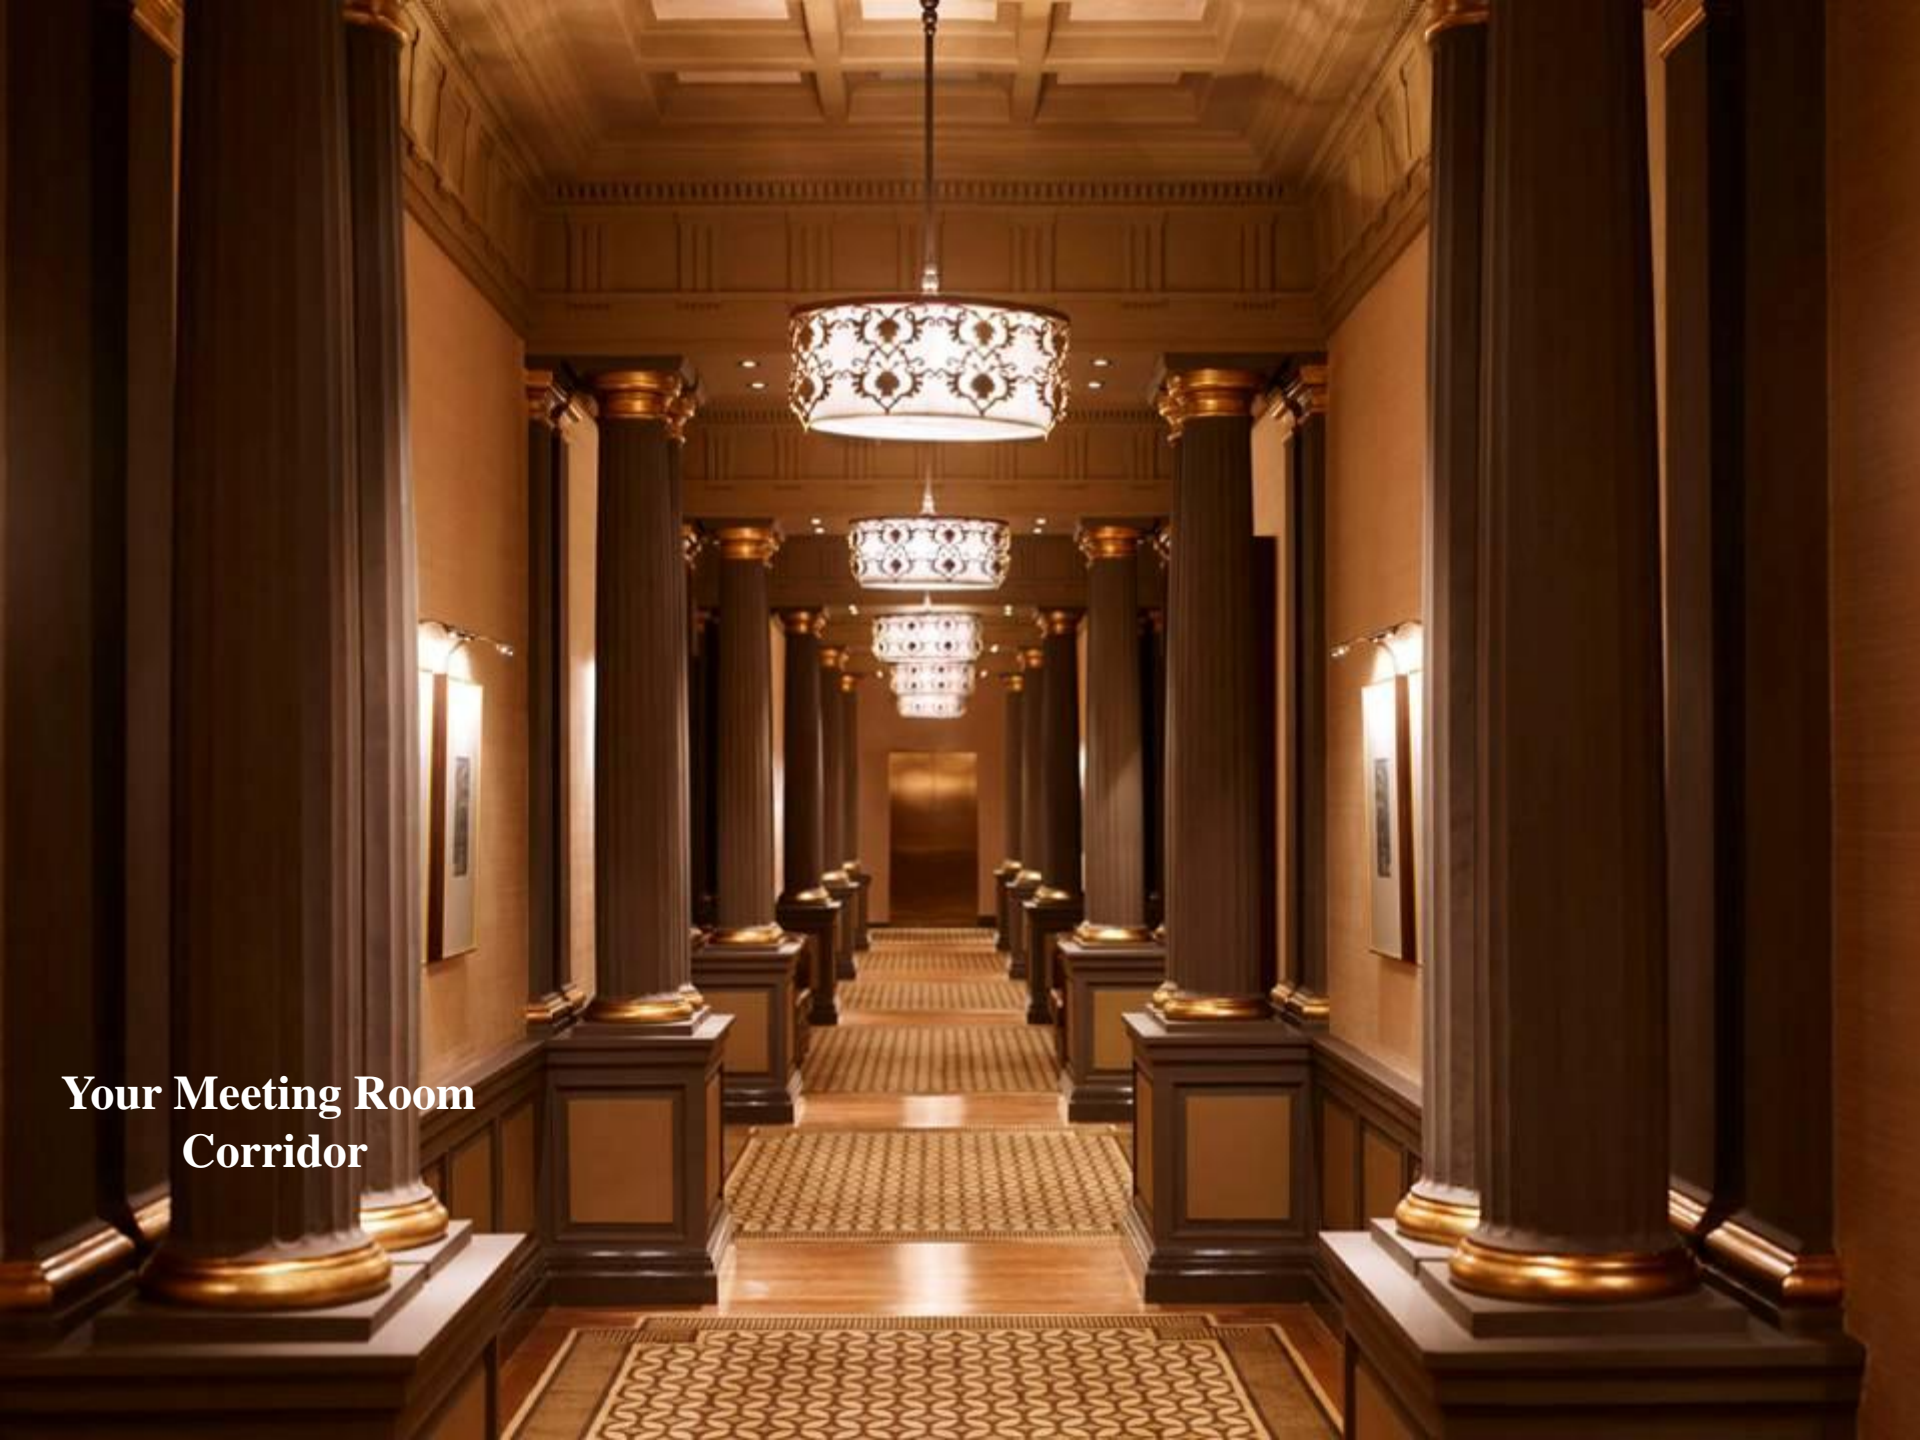

A popular shopping and residential district, considered to be one of Istanbul's most exclusive neighborhoods, Nisantasi shelters brand name stores such as Prada, Armani, Gucci, Louis Vuitton, Chanel and many others.

Nisantasi's European style cafés, restaurants and bars serve as a center of social and culinary life in Istanbul. They are the meeting place, the conversation matrix, the rendez-vous spot, the networking source, a place to relax or to refuel - the social and political pulse of the city.

A good example is, **La Petite Maison Restaurant**, adjacent to the hotel, combining the best fresh seasonal ingredients with the culinary influences of the Côte d'Azur offers an inspired yet simple and delicious interpretation of French Mediterranean and Niçoise cuisine.
