# HOTEL NEW YORK

She is a beacon of Rotterdam Zuid. A reminder of Rotterdam's rich steamship history, but at the same time a symbol of urban renewal: Hotel New York. **The Grand Old Lady** is as stately as it is hip, and as classic as it is contemporary. In its second life as a hotel and café-restaurant, the former headquarters of the Holland America Line has welcomed adventurous tourists, traveling businessmen, hungry restaurant visitors and loyal Rotterdammers for more than a quarter of a century. Its characteristic green towers, natural hospitality and unique location on the Meuse make the Hotel New York an icon in Rotterdam and a household name far beyond the city limits.
