Each of the 266 rooms is individual, due to the rounded shape of the building. Bright colors and soft shapes in the “Ocean” type of room create a dynamic, cheerful effect, inspiring all the senses.

“Urban”-style rooms feature distinctive, lively patterns combined with dark wood, offering a warm relaxing atmosphere with a sense of peace.

All rooms include broadband internet access via WLAN or cable.

Other equipment includes an MP3-player connection, ironing board and iron, and windows with sound-proofing. Business Class rooms include extra services such as the Super Breakfast buffet, a choice of daily newspapers, a Nespresso® coffee machine, movie channels showing the latest films, bathrobe and slippers.

5 suites offer luxury and immaculate service for discerning guests.

BAR & RESTAURANT

The internationally renowned Filini Bar and Restaurant concept interprets classic Italian cuisine with a touch of modernity in a stylish atmosphere with authentic service.

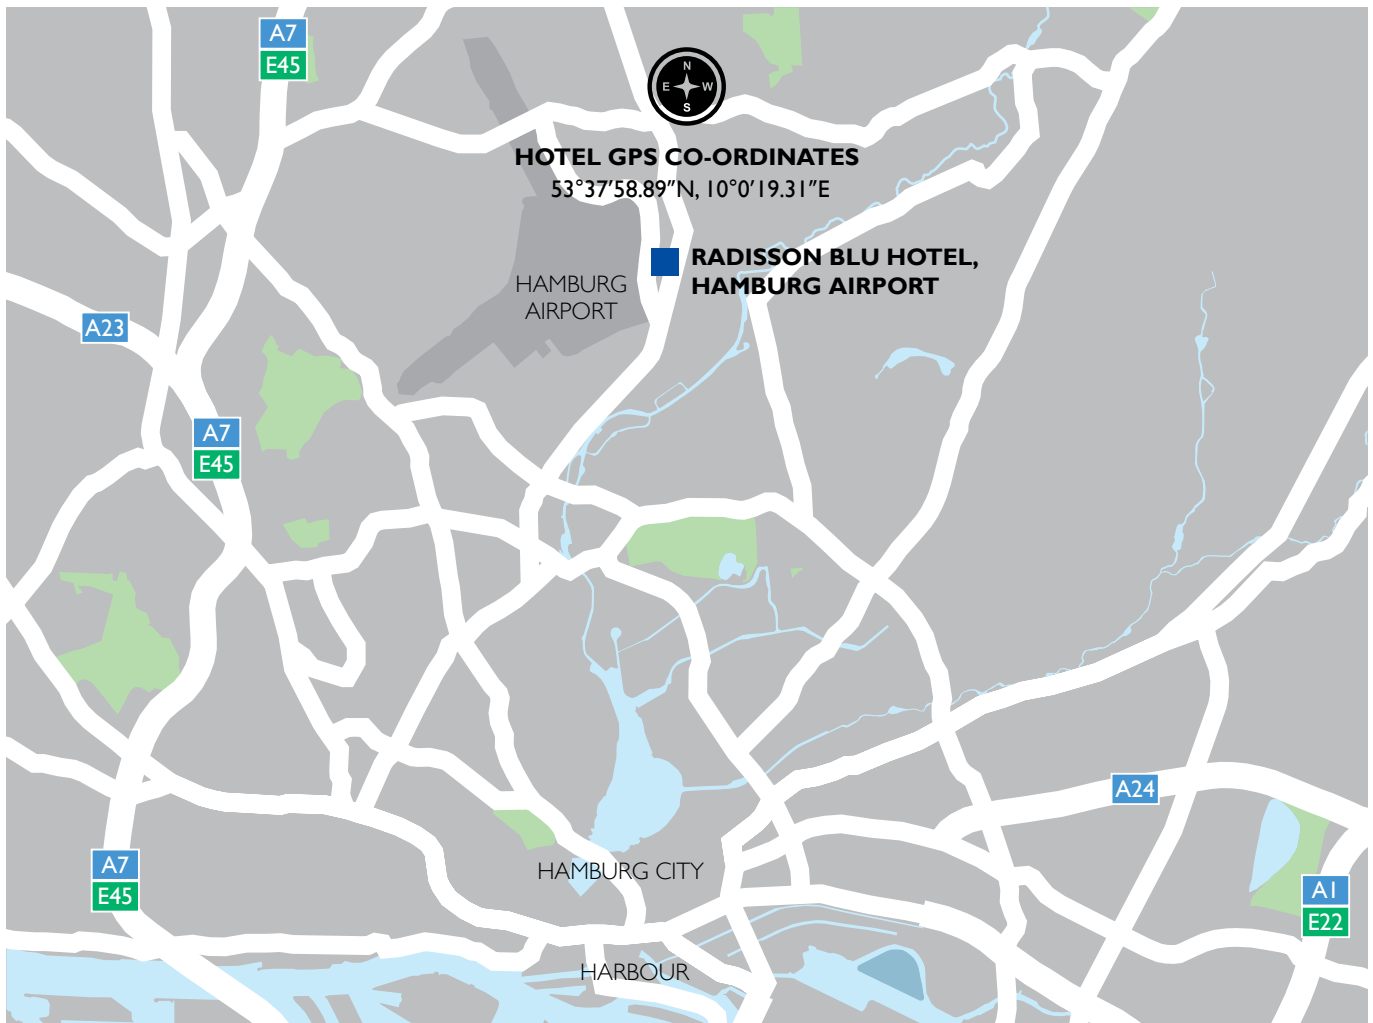

And the Italian way of life is also reflected in typically Italian coffee specialties, selected wines and dishes from various Italian regions. And for the summer months there is the added attraction of a covered outdoor terrace.

FITNESS & WELLNESS

To revive the body and restore balance, the PACE Fitness Club within 130 m² on the fifth floor is the ideal location. The latest fitness equipment for individual training sessions, a sauna, steam bath and relaxation area are all available to hotel guests. The roof terrace offers an imposing view of the airport, and in good weather you can see as far as the port of Hamburg.

And there is even a 15 km running track alongside the airport grounds.
