

GREEN MEETINGS by STEIGENBERGER

DID YOU KNOW THAT...

- ...our hotel is **certified** with the environmental management system **ISO 14001**.
- ...that we are honored with the **Austrian Ecolable**.
- ...we create a climate friendly and **CO² compensated conference** in cooperation with **Atmosfair**, thus supporting the research, development and expansion of renewable energy.
- ...we provide **power 100%** generated from **renewable sources**.
- ...at least **75% of our food & beverages are regional**, and **50% are organic products**.
- ...we grow our **own herbs in the courtyard** of the hotel.
- ...all our **paper** (notepads, envelopes,...) are made from **elementary chlorine-free-bleached cellulose** and are **acid free**.
- ...we **waive individually packed candies** in the conference room and therefore **reduce unnecessary plastic waste**.
- ...you are welcome to enjoy our **candy station** in our conference foyer with handmade organic creations from the Wiener Zuckerwerkstatt.
- ...we effectively **reduce glass waste and air pollution**, by providing **filtrated Viennese Mountain Spring Water** within our conference packages.
- ...we are producing our **own honey (3 hives on the roof top of the hotel)** and serve it at the breakfast buffet. Two different sampler sizes are available and are a **perfect gift** for your attendees (price on request).
