## RESTAURANTS & BARS

# terra

BAR — CAFE — MARKET

The TERRA food and beverage program will be designed and executed to seamlessly mimic the overall environment of the lobby; inviting, stylish, calming, and playful. Guests will be treated to an arrival experience that will set the tone for their entire stay via simply prepared, executed, and presented small plates that provide a glimpse of the other restaurants and bars of the property.

Creating an environment and experience that allows the freshest and most local ingredients shine is the focus of this exercise in culinary restraint.

Sombra's team of experienced chefs will work with fisherman from the region to procure the best seafood of the day and season,

allowing their catch to be the star through preparations that are minimal in their methods.

The logo for Sombra, featuring the word "sombra" in a white, lowercase, sans-serif font on a dark blue background. The letters "o" and "a" are stylized with fish silhouettes integrated into them. There are also several small fish silhouettes swimming around the text.

Drawing inspiration from Portugal's varied terrain and its position as the gateway to the Mediterranean, Marés will see Mediterranean cuisine through a Portuguese lens. Conceptually, the food and beverage program will adhere to a garden-meets-the-sea ethos through fresh, market-driven ingredients prepared and presented with a wide array of local ingredients as well as Spanish, French, Italian, Greek, Turkey, as well as some subtle North African influence.

# MARÉS

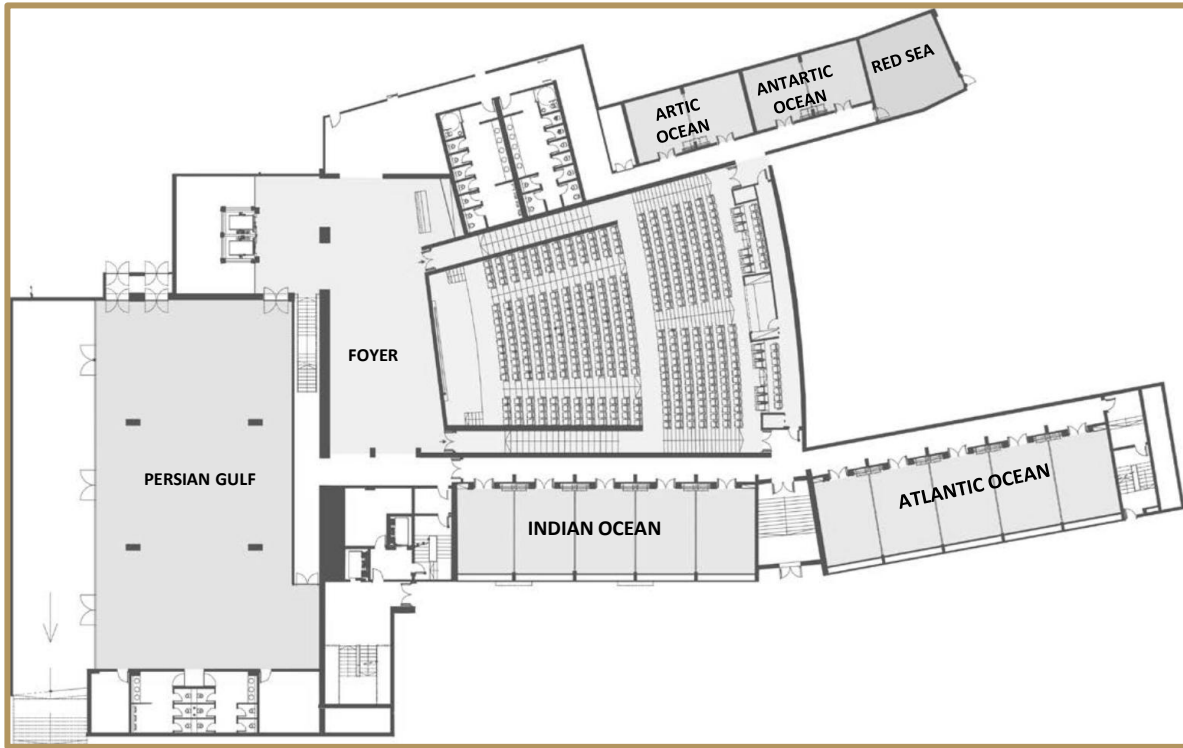

A modern take on early 1960s jazz culture inspired by the novel and film the talented mr. Ripley, this tasteful, riviera-inspired bar and lounge evokes feelings of another time and place. Capturing the inherent sensuality and glamour of the mediterranean coast and the era, this nostalgic bar moves gracefully from day to night, allowing guests to be transported by the highest quality spirits, cocktails, and the most picturesque views on the property.

ROOFTOP LOUNGE
