The place to be in Milan

Your journey
begins here.
Experience the
Milanese
lifestyle first hand

The Sheraton Diana Majestic is an historical hotel located in the heartbeat of Milan. The Diana, in its splendid Liberty beauty, is a mix of tradition and innovation that never lost its unique charm. It has always been a popular reference point and a city Belle Époque styled oasis for the business and fashion travelers seeking a glamorous and vibrant location for their stay.

Hotel History

More than 100 years of history

History starts in 1842 when the first public swimming pool was opened, the "Diana Bath". In 1908 "The Kursaal" was born as a new recreational complex, that soon became a meeting point for the Milanese high society. In 1921 a tragic event occurred: a bomb exploded during a theatrical performance. The Kursaal Diana will ultimately recover in its majestic beauty throughout the following years being acknowledged, later on, as the high fashion hotel where new trends come to life.

Guest Rooms

Allow yourself a memorable stay in Milan

At Diana you can breathe the same authentic charm that lends the hotel an alluring and somehow nostalgic aura. The 106 rooms and suites, in their retro cozy style, are the perfect manifestation of this vibe. The sublimely comfortable rooms are decorated to reflect the flair and grace of the Empire style. Many of them boast a spectacular view on the hotel's lush private garden that will grant you a heavenly escape from the city's chaotic rhythm.

Suites

Get the most out of your stay and choose one of our suites to fully enjoy your visit in the fashion capital. The spaces are designed to relax and entertain friends or colleagues in their 30's inspired ambience.
