Arriving at a stunning setting where style meets nature in an innovative hospitality experience.

Located inside the idyllic Mayakoba complex, Andaz Mayakoba Resort reflects the unique spirit of the surrounding neighborhood and is dedicated to providing inspiring upscale spaces to both leisure and business travelers.

The resort's breathtaking design reflects the Mayan culture immersed in a lushly preserved mangrove environment, which brings to life locally inspired and indigenous experiences, authentic cuisine and personalized service.

## NEIGHBORHOOD

Mayakoba is located in picturesque Riviera Maya, Mexico's premier beach destination fronting the Caribbean Sea. The resort is a 40 minutes' drive from Cancun International Airport and 10 minutes from the cosmopolitan town of Playa del Carmen. Along this coast, home to the second-largest coral reef in the world stretching from the Yucatán to Guatemala, Mayakoba has made its distinction by being a carefully maintained ecosystem of dunes, mangroves and freshwater lagoons - home to myriad indigenous species of fish, birds and mammals.

Guests can enjoy access to El Camaleón Golf Club, an 18-hole golf course designed by Greg Norman, El Pueblito town square and visit Yucatan Peninsula's most coveted ancient cenotes.
