

TOGETHER BY HYATT

Together by Hyatt guides the way Hyatt hotels create experiences and deliver more connected meetings and events—with you at the heart of it all.

That's why our meetings and events philosophy is built around helping you be more impactful—because you care about the planet and so do we.

So, you can be sure we'll be there working and-in-hand with you to help you fulfill your sustainability goals. Together, we can further our shared commitment toward bettering the wellbeing of our people, planet and communities.

YOU

We know that sustainability is top-of-mind for you and your attendees. Whatever your needs and values are, we'll work with you to help you to reach your sustainability goals. Whether it's reducing energy intensity with sensor lighting, eliminating single-use items like straws or water bottles, or adapting your group's housekeeping policies to decrease water use, we personalize our approach based on your unique preferences.

HYATT

At Hyatt, we are committed to a philosophy that helps to advance environmental action so that hotels in destinations around the world can thrive for customers, guests, colleagues and communities. Whether it's on-site recycling and composting or water hydration stations and large-format bathroom amenities, Hyatt properties are continuing to explore ways to protect our planet.

TOGETHER

Together, we can care for the planet. Making a positive impact on our environment is a collective effort. Hyatt encourages you to share your sustainability needs, concerns and ideas throughout our collaboration so we can consistently learn and improve.

EVENT PLANNER GUIDE: SUSTAINABLE EVENT

Hyatt hotels strive to incorporate sustainable practices into daily operations. Please refer to each hotel's sustainability factsheet for initiatives that are already in place. Beyond these practices, hotel teams are eager to work with event planners and customers to meet your objectives. Here are examples sustainability considerations for meetings and events. Please note that practices may vary by hotel.

WHAT HYATT HOTELS MAY OFFER

- Send event, planning and pre-con materials in digital format only
- Provide paper and pens in a central location rather than at each seat
- Provide recycling bins in event spaces
- Set meeting room temperatures to your attendees' preference
- Serve plant-forward meals

HOW YOU CAN GO THE EXTRA STEP

- When printing materials, use recycled content or certified Forest Stewardship Council (FSC) paper products; print locally rather than shipping when possible
- When shipping materials, use packaging that is recyclable or compostable at the receiving location
- Choose gifts like experiences, points, donations or carbon offsets
- Collect lanyards after the meeting for future reuse
- Use a mobile app for session materials and reduce paper
- Consider centerpieces and décor that can be reused, such as digital backdrops, and plants instead of cut flowers
- Use a local vendor for exhibits
- Favor digital or reusable signage
- Arrange carpooling

WHAT YOU AND THE HOTEL TEAM COULD DO TOGETHER

- Provide information—such as public transit, mobile key entry and location of water refill stations—to include in a Know Before You Go for attendees
- Identify options for reducing food waste that meet your event's needs
- Avoid bottled water by providing water stations
- Explore options to further avoid single use items
- Arrange volunteer events for attendees
- Plan weather-appropriate outdoor events when possible
- Utilize the Hyatt Planner Portal to streamline communication

SUSTAINABILITY AT OUR ANDAZ VIENNA AM BELVEDERE

Caring for the planet is a natural extension of Hyatt's purpose—to care for people so they can be their best.

At [Andaz Vienna Am Belvedere](#), we are dedicated to sustainability and are committed to making a difference through our daily processes.

To learn more about Hyatt's sustainability efforts, [click here](#).

OVERVIEW

- Andaz Vienna's prime location enables easy use of public transportation accessing the airport and city center
- Electric vehicle charging stations are available in our garage
- Andaz Vienna has fulfilled the requirements of the Gold Leed Green Building Rating Certification
- Vienna is internationally recognized as the capital of environmental protection, setting an example for water supply, wastewater management, waste disposal and air quality management. Parks and gardens make up roughly half of the city. Also Vienna's tap water comes directly from pristine Alpine spring water sources, allowing you to drink directly out of the city's drinking faucets.

CLIMATE CHANGE & WATER CONSERVATION

- Sensors are used in guestrooms to help reduce lighting and temperature consumption
- We manage environmental performance using Hyatt EcoTrack, Hyatt's global environmental sustainability software
- Guests may choose to choose housekeeping services only every second day
- Large format amenity dispensers in guestroom bathrooms rather than individual size plastic amenity bottles
- The toilets in the guest rooms use shortened flush duration to preserve water consumption
- All guest-facing and public areas are equipped with LED bulbs to preserve energy

WASTE & CIRCULARITY

- If you would like to avoid disposable water bottles, hydration stations are available in the lobby
- Paper-less check out with folio emailed to you available at your wish
- The event spaces uses digital signing tools to minimize paper waste
- Mobile App & Mobile Key: Guests can check in, access their rooms, and manage their stay using our mobile app—no need for plastic key cards.
- No Printed Flyers: We avoid printing materials to reduce paper waste. All guest information is available digitally.
- The hotel uses an AI-powered food waste monitoring system that helps kitchens reduce food waste up to 60%

RESPONSIBLE SOURCING

- Andaz Vienna's food is thoughtfully sourced and carefully served. This philosophy guides how we select ingredients.
- Andaz Vienna mostly uses locally sourced groceries and suppliers
- The hotel mostly sources fish and seafood product with a strong focus and clear commitment to MSC-certified products
- Plant-based and plant-forward menu items are offered in hotel-operated restaurants and for events
