THE LEADING HOTELS
OF THE WORLD®

HOTEL

Privileged location at the entrance of the dream peninsula of Cap-Ferrat and breathtaking view over the “Baie des Fourmis”, the Royal-Riviera hotel features the privacy of a Mediterranean villa and the luxury of a palace.

The main building holds 78 rooms and suites, 58 of which revealing wonderful views over the Mediterranean Sea and the gardens, conceived in a contemporary design. In 2024, half of the rooms of the main building as well as all the bathrooms have been renovated.

The extension the “Orangerie» building in a more Provencal spirit, offers 16 rooms and suites all with balcony or terrace, which were completely refurbished in 2023. The Royal-Riviera is also a proud member of “The Leading Hotels of the World”.

The Royal-Riviera, a 1904 palace already famous at that time for its luxury, hosted the European aristocrats and celebrities from all venues during their stays now carries its name with panache. Rooms with panoramic view over the Mediterranean, the mountains or the gardens, a relaxing break on the mattresses around the heated pool all year round, a walk in the gardens poetically imagined by the landscaper Jean Mus, the Royal-Riviera offers various pleasures.

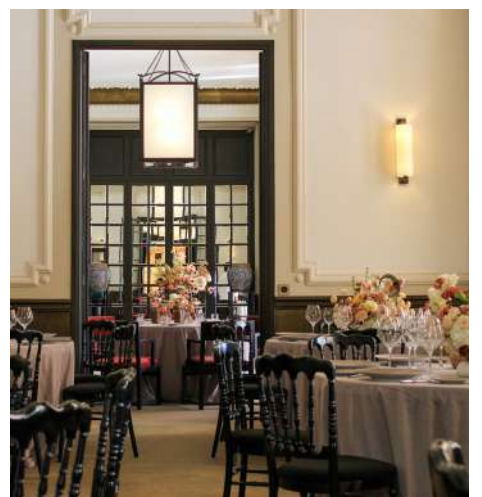

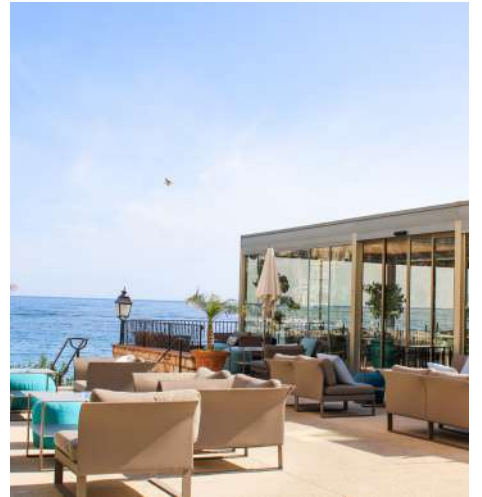

ROOMS

The hotel has 94 rooms and suites, 78 in the main building, all in a harmony of colours reflecting the southern landscapes, and 16 in the Villa l'Orangerie, decorated in the purest Saint-Jean-Cap-Ferrat style.

The rooms and suites in the main building offer two styles of decoration: an Art-Deco decor inspired by the 1920s and a colourful, luminous and soothing decor.

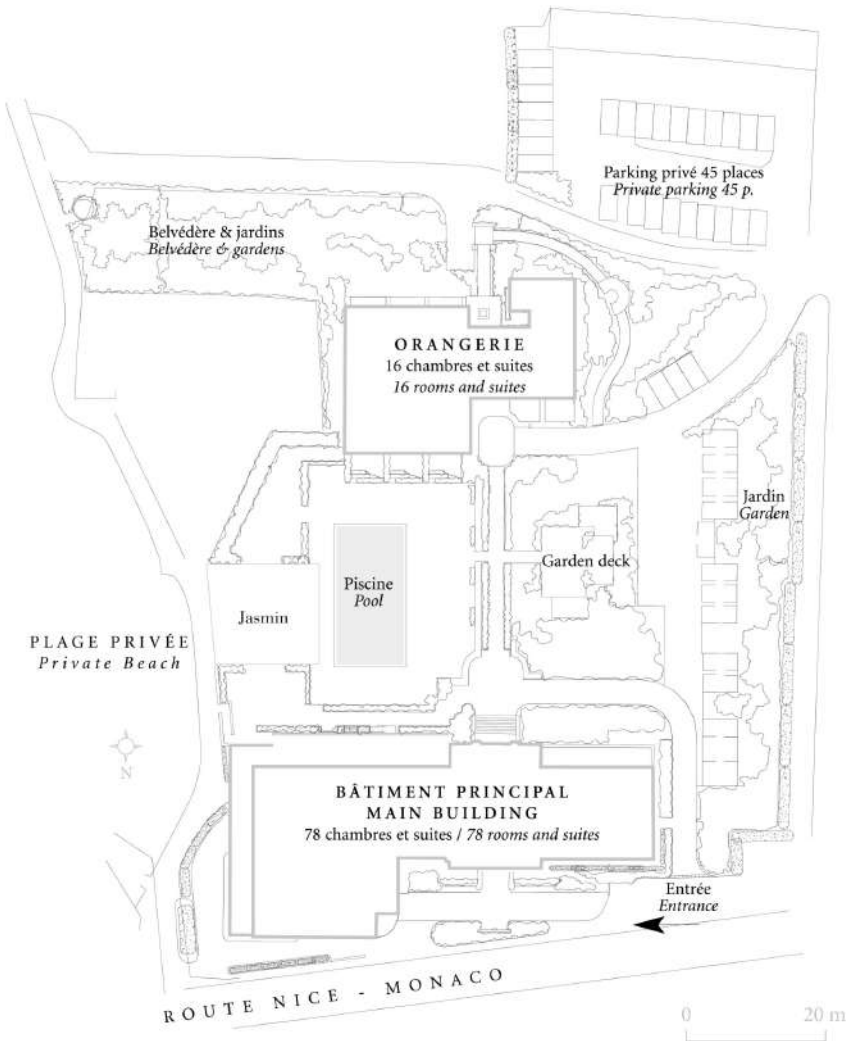

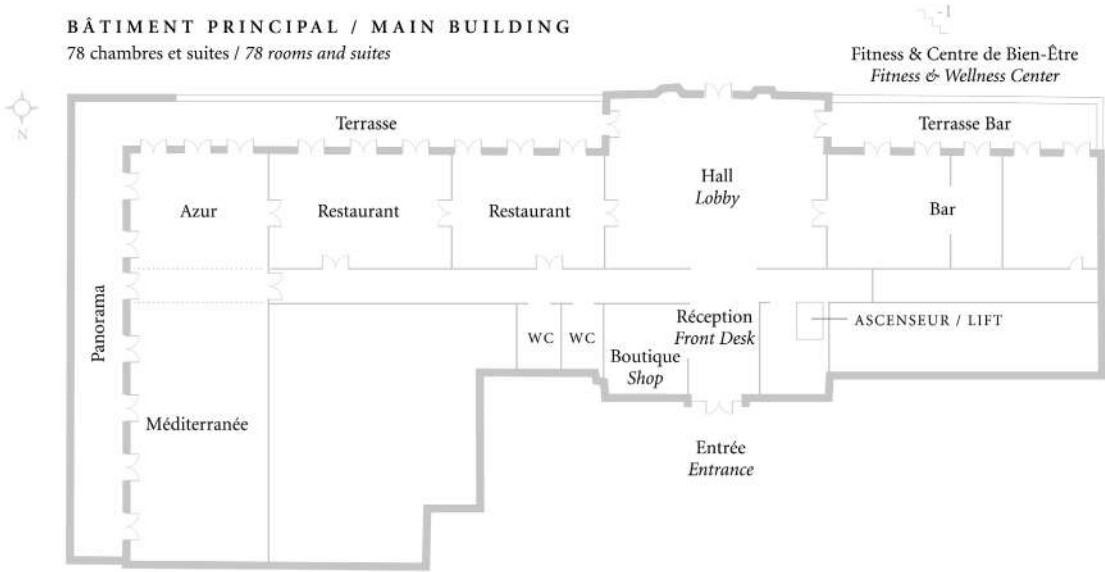

At the Villa l'Orangerie, each room has its own terrace or balcony, inviting you to relax. The interiors, designed in a contemporary style with Mediterranean colors, are elaborated with noble materials and a refined design.
