Sustainable Practices

We believe sustainability and community go hand in hand. As a global citizen, we prioritize eco-friendly practices by sourcing locally and reducing waste wherever possible. At the same time, we are deeply rooted in our community, actively supporting local businesses and initiatives that strive to make a meaningful impact.

GREEN ENGAGE BY IHG HOTELS & RESORTS

The Green Engage system developed by IHG gives all hotels the means to make an impact, by providing over 200 “Green Solutions” to reduce our consumption of energy, water and waste. There are four levels of certification within IHG Green Engage System and Crowne Plaza Amsterdam-South is level 4, meaning we are a leading hotel in the environmental sustainability area, demonstrating innovative approaches to being sustainable.

GREEN KEY CERTIFIED

Since 2024, we have Green Key at the highest level; Gold. This is the quality mark in the hospitality industry that indicates whether a company operates sustainably.

We stay up to date on sustainable developments and are supported in the Green Key certification by Green Label Service, sustainability expert for hotels.
