

THE  
**FAIRFAX**  
EMBASSY ROW, D.C.

*Classic Elegance Meets Modern*

The Fairfax at Embassy Row is an approachable, upscale, and historic icon with a recent modernization to its public space. The classically current feel and openness of our multi-functional common areas give the hotel a brand new appeal to established and growing business professionals, diplomatic/ international guests, and its local neighbors. Choose to work quietly by the fireplace in our common spaces or join a group conversation. Enjoy one of the 259 elegantly appointed sleeping rooms. Mix and mingle in The Sally, the cocktail-centric small-plates restaurant; stop in The Market for a grab and go bite or locally sourced cup - of - joe in the mornings and afternoon. It is all about the convenience, ease and elegance at The Fairfax.
