## THE AMERICAN HOTEL'S PREMIUM LOCATION

*in the heart of Atlanta's bustling Centennial Park District provides guests with easy access to popular attractions, Georgia World Congress Center, Tabernacle, AmericasMart, Peachtree Street Business District, Mercedes Benz Stadium State Farm Arena and more.*

*Originally built in 1962, the American Hotel not only played host to renowned guests from Martin Luther King, Jr. to James Brown and Elvis Presley, it also holds the distinction of being the first integrated hotel in Atlanta's burgeoning downtown. This integration shone a light on our little corner of the South and helped us become the premier hotel for the Atlanta Braves. From executive board meetings to intimate weddings, the launch of the American offers a lovingly restored retro-chic experience that honors our rich history.*

*Enjoy all the benefits of Hilton when you book at the American Hotel in downtown Atlanta.*
