

KURSAAL

BERN

KURSAAL PACKAGES

Whether meeting, seminar or dinner: we have the perfect offer for your event. The breathtaking panorama with a view of Bern's old town and the Swiss Alps are included.

WE STAND FOR

ALL-ROUND SAFETY

Protection and safety for guests and employees are important to us. The employees are trained in our safety and hygiene concept, which complies with all legal requirements. We are part of the „Clean & Safe“ campaign, which is supported by Switzerland Tourism. We disinfect and ventilate our rooms regularly. We disinfect neuralgic points such as lift buttons, handrails and door traps several times a day. Throughout the house, floor signals and appropriate furnishings make it easier to maintain the necessary distances - all at no additional cost to our guests.

SUSTAINABILITY

We want to make the difference. Own honey from our bee colonies on the Kursaal Terrace, food-waste boxes in the catering, a Kitro scale in the kitchen, heat recovery, modern and energy-saving technology throughout the building as well as several charging stations for electric cars: sustainability and ecological commitment are high priorities for us. This is why we are a founding member of the „Climate Platform of the City of Bern“, which has been committed to reducing CO2 emissions since 2006.

REGIONAL CUISINE

We buy regionally and seasonally! We mainly work with suppliers from the region. We put together menus and buffets for every occasion, also vegetarian or vegan. We fight against food waste: Our Kitro scale analyzes food leftovers. The results influence the planning of further events. So we only cook as much as is needed. At our banquets we also offer free and uncomplicated food-waste boxes.

OUR TECHNICAL PARTNER

Our partner company Habegger makes your event a unique experience. The globally active service provider offers you an all-round service in the area of live communication: from event technology to event construction and film production up to the content and conceptual event support.

STAGING IN SPACE

Images and moods create lasting memories. Habegger supports you in the sustainable staging of your products, visions and messages. This includes a suitable dramaturgy, event architecture, event engineering and the right infrastructure.

PLANNING

Would you like to enjoy a carefree event? Thanks to many years of experience in managing projects, Habegger ensures that your event runs smoothly. This is demonstrated by the approximately 1800 events that Habegger's experts organize on site every year.

DIGITAL

At Kursaal you can host your event live or digitally. You can reach your guests with attractive streaming offers. Digital surveys, live chats or augmented reality ensure interaction with your audience.

CONTENT PRODUCTION

Worlds of experience arise from the optimal combination of content and staging. A red thread, a gripping dramaturgy and messages that hit the mark with your target group are essential for an event. If desired, Habegger will design scripts, graphic animations, videos and presentations and will also take over the direction and shooting.

TECHNOLOGY

Whether light or sound, video or LED, electricity or IT infrastructure - the right technology effectively implements creative concepts. With the help of state-of-the-art event technology, your event will appear in the best light.
