

A photograph of an outdoor lounge area at a hotel. In the foreground, there is a wooden deck with a patterned rug. A large, light-colored wicker sofa with white cushions and patterned pillows is on the left. A wooden coffee table sits in front of it, holding a pineapple, a bottle of amber liquid, and a small vase. To the right, another similar sofa is visible. Large, light-colored patio umbrellas are scattered throughout the area. In the background, a sandy beach leads to a clear blue ocean under a bright blue sky with wispy clouds. A wooden bar structure is visible on the left side of the frame.

COMMITTED & responsible

Launched in 2010, the CSR strategy is at the heart of the Barrière Group's priorities. Untitled Planète Barrière, it is based on 6 pillars:

- GOVERNANCE, SUSTAINABLE INNOVATION AND DIALOGUE
- SUSTAINABLE CUSTOMER EXPERIENCE
- RESPONSIBLE EMPLOYER
- THE ENVIRONMENT
- RESPONSIBLE CATERING
- LOCAL DEVELOPMENT AND SOLIDARITY

After obtaining 'Innovative and Sustainable Destination' certification for the Cannes Resort, the Group obtained international ISO 20121 certification in 2023.

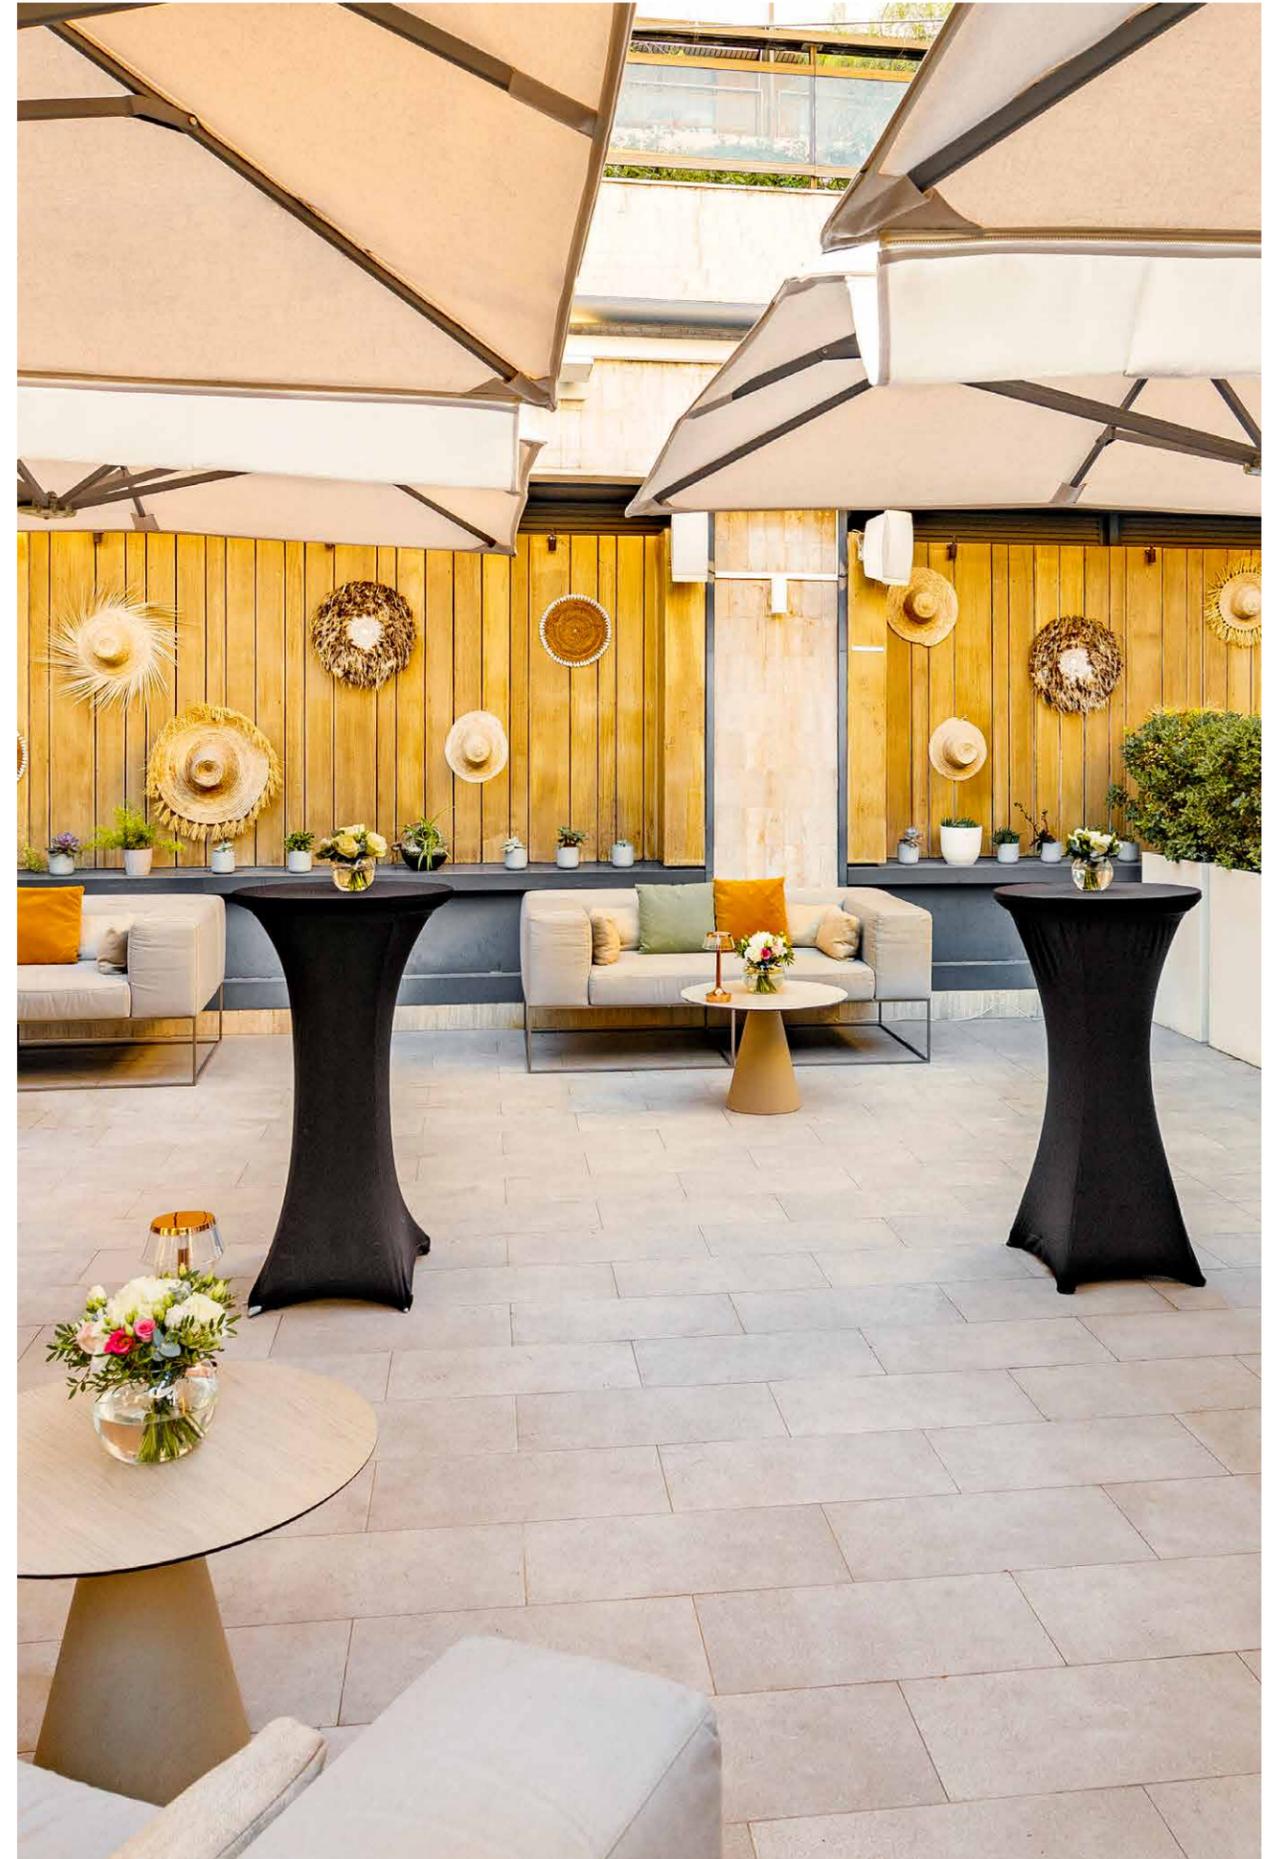

Alongside this approach, Hôtel Barrière Le Gray d'Albion has obtained Green Globe certification in 2022, recognised by the World Tourism Organisation and the World Travel and Tourism Council (WTTC). This international label was created almost thirty years ago specifically for travel and tourism professionals, rewarding the efforts and rigor of companies in terms of Sustainable Development. This certification provides a framework that enables us to carry out an in-depth assessment of the hotel's performance in terms of environmental sustainability and to monitor our progress in this area.

ISO 20121 certifies the sustainable management of event activities in terms of social and environmental impact, while remaining economically viable.

The Sustainable Innovative Destination label is awarded to towns and cities committed to structuring their actions in favor of sustainable tourism. It involves a number of aspects, reflecting each of the three pillars of sustainable development.

OUR ISO20121 commitments

- **SOFT MOBILITY**

Our hotel is accessible by TGV high-speed train and provides a service to promote soft mobility. At The Hôtel Barrière Le Gray d'Albion, electric scooters are available for our guests to discover the beauty and charms of Cannes by following several itineraries.

- **ENERGY EFFICIENCY**

We are developing our energy conservation policy through energy audits and associated action plans. Renewable energies are integrated into our contracts, accounting for 50% of our energy mix. Hôtel Barrière Le Gray d'Albion monitors consumption monthly and implements various actions: LED relamping, water flow reducers, motion detectors, etc.

- **PROTECTING OUR BIODIVERSITY**

The roofs of our Cannes hotels have something extra... They hum. Almost 150 kg of honey is harvested each year and used to make our cocktails.

- **PROMOTING THE REGION**

The Cannes resort is also committed to the areas in which it is located. Because these areas are rich in know-how, heritage, culture and solidarity, we make a point of promoting them. We work with local artisans, such as our ceramist in Vallauris for creating crockery at the Mademoiselle Gray beach restaurant, or Cannes artists for hotel exhibitions, to showcase local heritage.

In terms of activities, we promote local activities such as the eco-museum in Cannes, the wine route, or the perfume workshops in Grasse. We also encourage the discovery of local flora and fauna through guided tours of the surrounding regional parks.

- **RESPONSIBLE CATERING**

Locavores, our Tables Barrière focus on fresh, and preferably organic, local products. The menu is updated to follow the seasons and promote seasonal fruits and vegetables. To this end, we have implemented our Responsible Catering Charter, outlining our commitments to sustainable dining.

We are also working with Château Sainte Roseline, in the Var, to offer their exceptional wines on our Mademoiselle Gray beach.

- **COMMITMENT TO SOLIDARITY**

As a partner of the UNISOAP association, we donate our used soaps. This sustainable initiative aims to combat waste by supporting the most disadvantaged.

We are also proud to support several associations, such as *Association Adrien*, *Bouchon d'Amour*, *Les Étoiles*, and *France Cancer*. We commit to these causes to support sick children, their families, people with disabilities, and contribute to fundraising for cancer research.

Our establishments are also loyal ambassadors of *Café Joyeux*, which aims to raise awareness of disabilities and foster inclusion by providing employment opportunities to those who are often excluded from the workforce.
