

# VIRTUAL EVENTS AT SCANDIC

You finally want to return to professional meetings? Preferably fully flexible and independent of external factors? This is now possible with Scandic and our innovative software partner exVo!

## Virtual events with exVo

- Our software partner for digital events and virtual conferences
- Link between live events on-site and virtual venues
- Meeting, mobility and interaction between virtual participants in a true-to-life 3D replica of the location
- Suitable for events from 100 people up to 2000 people

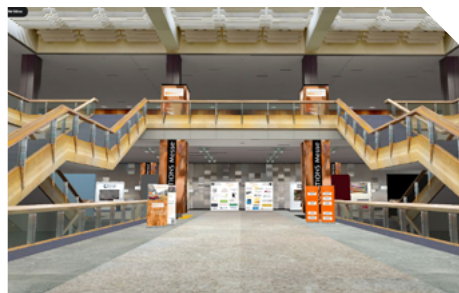

## Your benefits

- Your attendees can playfully interact with each other from home using their avatar to chat or video call
- Access to over 12,000 objects for your event design
- Increase customer reach and attendance by combining virtual and physical participation
- Analyses and reports after the event, e.g. number of event visitors, time spent at the event, booths/workshops visited with respective length of stay

## Avatars

- An avatar is a virtual graphic character assigned to an online participant in the virtual world
- Through the avatar, the user can move through the virtual spaces and interact with other people
- Avatars can be branded with company logo, name and photo

# YOUR VIRTUAL EVENT POSSIBILITIES
