

PURE SALT PORT ADRIANO

From the Pure Salt Luxury Hotels Collection

Fotos: Pure Salt Luxury Hotels

The Pure Salt Port Adriano is one of the most elegant hotels in Mallorca, only half an hour's drive to the south-west of the cosmopolitan and historically-rich city of Palma. Surrounded by a fascinating landscape and located in a unique and exclusive setting, discerning holidaymakers find here a genuine treasure: relax, disconnection and thus - themselves.

As an adults-only hotel, Pure Salt Port Adriano is synonymous of a romantic holiday, a spiritual refuge and the chance to fully unwind. The hotel is fully dedicated to creating relaxing experiences of tranquillity blended with extremely modern design and luxurious comfort: sharing a quiet bay with the acclaimed and luxurious marina designed by Philippe Starck and a small beach with crystal waters on the Mediterranean shore, the hotel stands out on a cliff, offering a view of the Mediterranean Sea and the clean sky from all its 93 luxurious rooms.

The breath of the sea, the palm trees reflected in the morning light of the extensive pool area, the well-tended terraces and the cured grass where the yoga teacher waits to start the class... - everything in the hotel seems to have been planned with extreme care and attention, hence to provide to its guests the switch-off feeling they have been looking for.

The hotel building itself radiates peace and elegance: three four-storey, cream-stone building curves around the pool and terraces from where you can sit on an elegant chair and gaze at the sea. It's all about classic elegance rather than designer extravagance: a conscious decision was made to include the Renaissance art inside the hotel where guest can find famous paintings in the room headboards or art books at their disposal in the hall or in the shelves in the corridors.

Peace and elegance also applies to the hotel's suites and rooms: nearly half of them feature a private jacuzzi on the terrace or direct access to a river-shaped swimming pool that wraps around the right wing of the hotel. In the interior, dark wood covers the rooms' floor and continues up the rear wall to form a shelf unit behind the sumptuous bed.

On the ground floor, the enormous shared infinity pool, located in the centre of the terrace and extended until the end of the cliff, is a refreshing oasis, a haven of tranquillity and a sporting challenge all in one.

Between breath-taking views, refreshing swims and relaxing baths, guests can enjoy a treatment at the ONA Spa, a complete health and beauty centre equipped with the latest technologies and the best brands of beauty products such as Natura Bissé and Gaia Mallorca.

The two Pure Salt hotels in Majorca - Pure Salt Port Adriano and Pure Salt Garonda in Playa de Palma, are renowned for the superior standard of their service and its exquisitely trained staff always at the guest's disposal.
