THE BUILDING

The Modernist Athens settled into the former Canadian Embassy on a quiet street that overlooks a leafy residential square in Kolonaki. We transformed the handsome corner building with its many balconies in signature Modernist style, combining casual, contemporary luxury with mid-century detailing and minimalist Danish design.

ROOFTOP

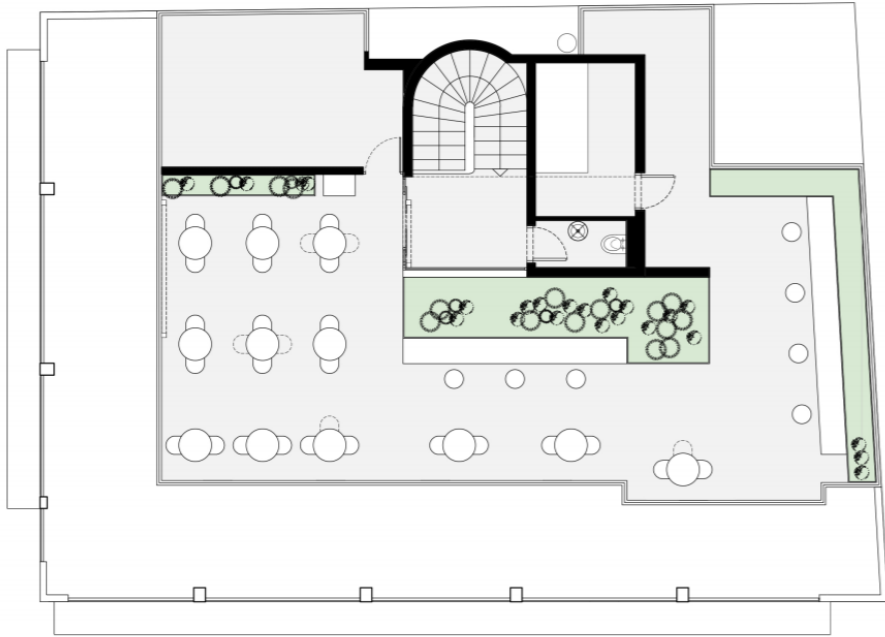

Our rooftop on the 7th floor has the kind of magic that makes time fly, slowly. Lounge chairs, small tables and lush plants populate the timber-decked terrace and invite guests to parallel play, work or meditate throughout the day, while taking in sweeping views that extend from the Lycabettus and the Acropolis across the rooftops of the capital all the way to the sea.

CAFÉ

Take a right off the lobby into the Modernist Café which welcomes guests to its stylish atmosphere created by dark woods, soft lighting and the warm glow of brass. Drinks and light fare are served throughout the day and into evening seven days a week, from a small and well-considered menu that includes organic and vegetarian options. It's a space in which time passes softly, in the glow of warm muted lighting.
