

# FLORATICA

We're elevating the London cocktail experience in more ways than one. Situated 11 floors high above the city in the Minories, unearth a rooftop bar inspired by the rich heritage of east London's textile industry. The elegant and refined interiors feature ceilings adorned with floral installations inspired by the silk-woven floral patterns created by local 17th century French Huguenots.

11-15 Minories London, EC3N 1AX
