TRUE SOPHISTICATION

Welcome to The Crowne Plaza Nairobi Airport Hotel.

It's your first destination in Nairobi whether you're a business traveler; in transit; an airline crew or even if you're here on holiday.

What makes it so unique is its location – just 3 minutes away from the airport terminals. You are always assured of making it to the flight on time, every time.

The Crowne Plaza is also located inside the most secure zone in Nairobi – The Jomo Kenyatta International Airport. This affords you peace of mind as you enjoy the triple cordon of the airport security in addition to the hotel's own security system.

All these are just some of the advantages of the hotel from the outside.
