SO/ Sotogrande offers a contemporary touch by letting its rebellious spirit play with local tradition. A mix between the atmosphere of the destination and the imagined soul of the hotel creates a unique experience with style. With its classic whitewashed walls, vibrant social energy and local charisma, the 'Cortijo'

is the ultimate symbol of Andalusia's friendly and playful personality. 'Cortijo' is the Spanish word for farmhouse – serving as rural housing for workers. Later on, the 'Cortijo' became popular amongst writers, directors and artist, not only as a source of inspiration but also a place to host parties for the bohemian set.

EXPERIENCE THE LIFESTYLE

An exclusive home to enjoy Costa del Sol in total discretion

Since acquiring four fincas and merging them to create the largest private estate in Spain in 1962, Sotogrande has been developing this spectacular stretch of the Costa del Sol into an exclusive resort. Joseph McMicking, a Filipino-American businessman, impressed by the exclusive Forbes Park housing development in Manila, decided to design a similar community and set out to find the ideal location..

Unspoilt beaches, pristine nature and access to an airport were important, and this area of southern Spain was the perfect choice. Fast-forward to 2023, Sotogrande is the most idyllic place with a healthy and contemporary lifestyle, where families and friends savour together. With an impressive marina, world-renowned golf courses, famous polo clubs and nature reserves with magnificent views, the area is ideal for excursions.
