SETÚBAL

Deixe que a alma de Setúbal o envolva

Os primeiros vestígios da ocupação humana na região remontam à pré-história.

Séculos mais tarde, com a presença romana, tornou-se num núcleo urbano e industrial ligado à salga de peixe e cerâmica.

Let the soul of Setúbal envelop you

The earliest traces of human settlement in the region date back to pre-history.

Centuries later, during the Roman presence, it became an urban and industrial centre connected to fish salting and ceramics.

Com a conquista de Palmela aos mouros e o estabelecimento da Ordem de Santiago da Espada, a vila recebeu, em 1249, por D. Paio Peres Correia, mestre da ordem, a primeira carta foral.

No século XV tornou-se num polo comercial e industrial desenvolvendo-se várias atividades em torno do porto.

When Palmela was conquered from the Moors and the Ordem de Santiago da Espada (a religious military order) was set up, D. Paio Peres Correia, the master of the Order, granted the town its first Charter in 1249.

In the 15th century, it became a trade and industrial hub and several activities were developed around the port.

O sal deteve um papel preponderante nesta região servindo como moeda de troca ao apoio fornecido pelos estados europeus a Portugal durante as guerras da Restauração da Independência.

No século XIX, nomeadamente em 1860, a vila de Setúbal é elevada a cidade por carta régia ao rei D. Pedro V.

Salt played a crucial role in this region and was used as a bargaining chip in the support given by the European States to Portugal during the wars of Restoration of Independence. In the 19th century, namely in 1860, the town of Setúbal was elevated to city by a royal charter from King Pedro V.

Tendo a serra e o rio como cenário, Setúbal apresenta-se como cidade vibrante e cosmopolita atraindo cada vez mais turistas não só pela diversidade gastronómica como também pelo seu património edificado e riqueza natural.
