OMOTENASHI

In Japan there is a deep rooted culture called Omotenashi. Omotenashi can be translated to 'hospitality' but it is far deeper and more detailed in its meaning. It is a way of life in Japan that relates to always providing the best service possible without expecting anything in return. The values of Omotenashi are at the forefront of the service story here at Nobu London Portman where we look after guests wholeheartedly, with care at the core of our service, rather than return. This spirit of Japanese hospitality makes the Nobu brand the leaders in impeccable and personalised service.
