2 HOTELS - 1 LOCATION | The Beisheim Center is located in the heart of Berlin, directly on Potsdamer Platz. This innovative building complex was inspired by Art Deco architecture and its most prominent elements are The Ritz-Carlton, Berlin and the Berlin Marriott Hotel. United they provide highest standards in regards to service and furnishings. The combination of two outstanding hotels, side by side, make a unique location for large-scale international events at one of Berlin's most vibrant business hubs. From the initial idea to perfect execution, you will be accompanied by a team of experts who ensure professional service at first hand.

HISTORY | Potsdamer Platz is one of the most significant locations in the city, both a tourist attraction and a cultural centre in the heart of Berlin, as well as a shopping destination and event location. With its turbulent history, Potsdamer Platz symbolises the unification of a formerly divided city: the Berlin Wall ran straight across this historic plaza where the Beisheim Center now towers above the city. As part of the center, the Berlin Marriott Hotel was placed on the former course of the Berlin Wall. The rooms at the Ritz-Carlton, Berlin offer a magnificent view of the Wall's remnants, which were preserved as a tourist attraction and still remind people of the city's recent history.
