COME _AND SLEEP

Casa is all about coming home. That's why it is important to us that every room is bright and spacious, with a comfy homely feeling. Our newly renovated rooms are equipped with a desk, a cozy windowsill seat, a refrigerator to fill up with your own goodies, coffee and tea-making facilities, a safe, extra pillows and a relaxing shower – just like home. You only have to choose between snuggling up in twin beds or in a double. Up for something extra? Then go for our Premium room with great views over Amsterdam, extra amenities, bath robes and slippers.

No matter your choice, a fresh color palette awaits you in all of our rooms, as well as beautiful fabrics and lighting to dim to your preferred setting to create an ambiance just to your taste.

OUR ROOMS

The interior of our hotel rooms is the result of a successful collaboration between architectural firm i29, interior designer Lensvelt and textile specialist Studio Mae Engelgeer. Our rooms are a home to students and guests. This double function is reflected in the smallest details. Like the rails on the wall where a hotel guest finds a comic print design by creative agency Lesley Moore and students have plenty of space for personal photos. The desk can be used for writing a thesis or for simply winding down after a long day of work.

WE ARE EASY TO REACH!

Hotel Casa Amsterdam is located just a few steps from Amsterdam Amstel Station (train, tram & metro) and the highway A10 and therefore easy to reach.

Parking in Amsterdam is always a challenge. Fortunately, Hotel Casa has its own underground parking garage.

€ 3,50 per hour

€ 25,00 per 24 hours

If our garage is unexpectedly full, there are enough options to park on the street.
