Dreams Los Cabos participates in the Dreaming of Freedom Turtle Release program. From approximately June through October, Caray's Green Sea Turtles visit the beach to lay their eggs. Guests can watch as the babies make their way to the shimmering sea. Dreams Los Cabos takes special measures to ensure the continued protection of the remarkable turtles through involvement with local protection agencies.

Employees at Dreams Los Cabos have participated in the Telethon, a large fundraiser that supports the rehabilitation of children with various disabilities.

The clean-up of the local estuary of San José del Cabo was also a success, as employees joined General Directorate of the Ecology and Environment of Los Cabos to take care of the local environment. This estuary is an area frequently used for recreation by the general population, and about 90 people assisted in recovering its rich biodiversity.

Additional initiatives:

- Implementation of a special water and energy conservation plan
- Use of Desalinization Plant, allowing the property to have an independent water supply from the city and the re-use of ocean water
- COTHERM contribution to the energy-saving system by a process that heats the water on property (rooms, pools, etc.), reducing the consumption of gas and oil
- Continuation of a beach cleaning system to keep the beach in the best condition
- Participation in the Active Water Conservation Program
- Usage of energy-saving lamps
- Separation of oil, produced by the kitchens and motors on property, and the delivery to Soleco, a company that re-uses oil
- The deliverance of used batteries from the TVs to local recycling organizations
- Participation in the annual international program "Earth Hour", by turning off all lights on the property for one hour
